

## OWNER'S MANUAL

### Insertion Instructions

Before inserting the monitor, turn down the volume on your sound source and either drape the cord over your shoulders and down your back, or run the cord down in front. The monitors are marked with (R) and (L); (R) for the right ear, (L) for the left. If you have selected a foam eartip, compress the foam by rolling it between your fingers (fig. 1). With the body of the monitor toward the back of your ear and the cord facing forward, insert the eartip into your ear canal before the foam expands back to its original shape (fig. 2). If you have trouble inserting the monitor, reach over your head with your opposite hand and gently pull up and back on the top of your ear before inserting the eartip. This helps straighten your ear canal and may allow for easier insertion. The monitor cord should run over and behind your ear. Hold the monitor in place for 5 to 10 seconds to allow the foam to expand and conform to the shape of your ear canal (fig. 3).

**IDENTIFY EARPICES**  
marked (R) for right and (L) for left

**ALIGN EARPICES**  
at the ear canal, with cord facing forward & slightly downward

**INSERT EARTIP**  
into ear canal and rotate eartip backwards & into position

Once the monitors and cords are comfortably in place, slide the cable zipper on the EPIC cable up to the base of your skull (not too snugly, as this may cause discomfort). This will limit cable movement and help ensure that your monitors stay in place during use. There is no zipper on the G2 cable with Apple control.

### Cable Removal

**HOLD**  
the eartip and cable firmly with each hand

**REMOVE**  
the cable by holding close to the connection and pulling at a straight angle from the socket. Do not pull from the wire!

### Cable Replacement

**CHECK**  
if the cable is for the left or right earphone

**MATCH**  
the cable to the appropriate earphone

**INSERT**  
the cable into the earphone by pushing directly into the socket

(L) : (R) •

### Westone Audio Series Care + Maintenance

Here are a few simple guidelines that can greatly increase your listening enjoyment and the lifespan of your Westone Audio Series earphones:

- Always store your earphones in the provided case.
- In case of poor sound quality due to earwax in the sound bore, use the included wax removal loop to carefully remove the earwax. Never use any other object to attempt to remove the earwax as this may result in damage to the earphones and will void the warranty.
- Do not use the cord to remove the earphones from your ears. This may cause damage to the cord and result in poor performance. Damage of this nature is not covered by the warranty.
- Do not expose your earphones to temperature extremes.
- Avoid strong impacts to your earphones.
- Wipe down your earphones after each use.
- Never immerse them in water.

*Please Note: Moisture in your earphones can cause temporary performance issues. Do not insert your earphones if your ears are wet. Always dry your ears completely before inserting your earphones. Should you inadvertently allow water or perspiration into the earphones and they quit working, allow to dry completely before attempting to use again. Minor moisture build-up should dry out and not affect long-term performance. Extended exposure to moisture or submersion will result in permanent damage (not covered by the warranty).*

### 3-Button Controls\*

- **Pause + Play:** Press the center button once. Press again to resume.
- **Track Forward + Backward:** Press the center button twice quickly to track forward, three times quickly to track backward.
- **Fast Forward + Rewind:** Press the center button two times quickly and hold to fast forward, three times quickly and hold to rewind.
- **Answer + End:** Press the center button once to answer. Press again to end.
- **Decline Call:** Hold down the center button for about two seconds, then let go. Two low beeps confirm that you declined the call.
- **Call Waiting:** Press the center button once to switch to an incoming or on-hold call and put the current call on hold. Hold down the center button for about two seconds then let go to end current call.
- **Activate Siri:** Press & hold the center button to activate. For iPhone 4s and later.

Made for

iPod iPhone iPad

\* "Made for iPod," "Made for iPhone," and "Made for iPad" mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance.

### Exchanging the Faceplate

1. Using supplied tool, unscrew faceplate fastener.
2. Note: Screw is attached to the faceplate and cannot be removed.
3. Remove faceplate by sliding it directly away from your earphone.
4. Align new faceplate to grooves in earphone and slide into place.
5. Tighten faceplate fastener, ensuring not to cross-thread screw or over-tighten.
