

Yankee from OLYMPUS

JUSTICE HOLMES *and his family*

CATHERINE DRINKER BOWEN

This is the story of a great American. It is also Justice Holmes from an essential part of him, the story of the distinguished man from whom he springs: his father's grandfather, Abner, and his father, Oliver Wendell Holmes, Boston's great poet, jurist, and man of letters, and America's first President. In these three the young boy who will become the greatest of presidents is revealed as a shining example of the American spirit, and together they form a picture of the culture and character of American life.

for murder The case itself drew in newspaper readers from coast to coast and Lawrence s death was often characterized as a mercy killing at a time when euthanasia societies were publicly advocating for the selection out of mental defectives from American society Noxon consistently maintained the electrocution was accidental although admittedly due to his own negligence but the prosecution was pushing for the death penalty Based on scientific or forensic evidence they recreated some of the lost evidence and called upon university medical faculty chemists and electrical engineers to show the death could not have been an accident The defense of course had its own cadre of witnesses from those disciplines to testify just the opposite Despite the complicated technicalities of the evidence the jury deliberated only about five hours before finding Noxon guilty of first degree murder which at the time carried an automatic death penalty **William James, Public**
