

Point Of View Analysis

The Importance of One's Point of View Imagine a trial where the jury bases a punishment off of one side of the issue. Unfair, right? We, humans go through almost the exact same thing. Humans judge people and situations without even taking another person's point of view into consideration. Not putting oneself into another's shoes can lead to relationship issues, lifelong regrets, and misjudgments. A girl's best friend tells her every day that a really cute guy in one of her classes thinks that her best friend is so hot and that he wants to get to know her. The girl is fine with it because she thinks he's cute too, but she doesn't know him well so she doesn't want to be with him. Her best friend always says that the girl and the cute guy from her first hour should date, so the girl feels like her friend is encouraging the relationship. She tries it; she doesn't know what to do because she doesn't feel "the spark" of the relationship. The friend that got the two together is mad at her friend for talking to him because she had talked to him before, also. The friend that's with the guy misinterpreted everything and has now lost a best friend so...[show more content...](#)

When one does not know another's perspective, it can lead to misjudgment of him or her. What if a homeless person was sitting on the side of the road asking for a place to stay or for even as little as some spare change? Depending on the person, one may think to themselves "The person is just lazy; maybe they should learn to fend for themselves," or some negative comment. Another might think "Awh, poor guy, he really needs someone; he may need some help." No matter who is correct out of the two not knowing one side of the story may cause one to judge or misjudge. Maybe that homeless person got fired, or kicked out of the house, or even in a terrible family-related situation. One may never know, and until he or she does, harsh judgment shouldn't be

Bureaucratic Language in Government and Business Roger W. Shuy, 1998-07-01 Plunging into the verbal quagmire of official language used by bureaucrats in both government and business distinguished linguist Roger W Shuy develops new techniques based on linguistic principles to improve their communication with the public Shuy presents nine case studies that reveal representative problems with bureaucratic language He characterizes the traits of bureaucratic language candidly though somewhat sympathetically and he describes how linguists can provide bureaucrats with both the tools for communicating more clearly and also the authority to implement these changes Drawing on documents cited in class action lawsuits brought against the Social Security Administration and Medicare Shuy offers a detailed linguistic analysis of these agencies problems with written and oral communication and he outlines a training program he developed for government writers to solve them Moving on to the private sector Shuy analyzes examples of the ways that businesses such as car dealerships real estate and insurance companies and commercial manufacturers sometimes fail to communicate effectively Although typically bureaucracies change their use of language only when a lawsuit threatens Shuy argues that clarity in communication is a cost effective strategy for preventing or at least reducing litigation *Bureaucratic Language in Government and Business* explains why bureaucratic language can be so hard to understand and what can be done about it

Does Measurement Measure Up? John M. Henshaw, 2006-05-05 Henshaw examines the ways in which measurement makes sense or creates nonsense
