Sea Ice in the Arctic Ola M. Johannessen,Leonid P. Bobylev,Elena V. Shalina,Stein Sandven,2019-11-12 This book provides in depth information about the sea ice in the Arctic at scales from paleoenvironmental variability to more contemporary changes during the past and present centuries The book is based on several decades of research related to sea ice in the Arctic and its variability sea ice process studies as well as implications of the sea ice variability on human activities The chapters provide an extensive overview of the research results related to sea ice in the Arctic at paleo scales to more recent scales of variations as well as projections for changes during the 21st century The authors have pioneered the satellite

remote sensing monitoring of sea ice and used other monitoring data in order to study monitor and model sea ice and its processes

**Atlas of Satellite Observations Related to Global Change** Robert J. Gurney, James L. Foster, Claire L. Parkinson, 1993-11-25 Global environmental change is one of the most pressing international issues of the next century There is a need to monitor the Earth's vital signs from atmospheric ozone to tropical deforestation to sea level change Models used to predict global changes have not yet fully used global observational data sets Satellite data sets will be vital in addressing global change issues in determining natural variability and monitoring global and regional changes This timely volume provides an illustration of the variety of satellite derived global data sets now available their uses advantages and limitations and the range of variation that has already been observed with these data A team of distinguished contributors provide a highly illustrated and accessible account suitable for the general scientific reader
