**Gathering at Silver Glen** Gilmore, Zackary I, 2016-06-21 Broadening our understanding of southeastern hunter gatherers who lived between 4600 and 3500 BP Zackary Gilmore presents evidence that the Late Archaic community of Silver Glen one of Florida's most elaborate shell mound complexes integrated people and places from throughout Florida by staging large scale feasts and other public events Gilmore analyzes the composition and style of pottery at the site revealing that many of the large elaborately decorated vessels from the shell mounds were imports with nonlocal origins His findings indicate that the people of Silver Glen frequently hosted large scale gatherings that helped to create a sense of community among culturally diverse groups with homelands separated by hundreds of kilometers The history of Florida's Late Archaic hunter gatherers is shown here to be much more dynamic than traditionally thought *Investigating the Ordinary* Sarah E. Price, Philip J. Carr, 2024-07-09 Focusing on the daily concerns and routine events of people in the past *Investigating the Ordinary* argues for a paradigm shift in the way southeastern archaeologists operate Instead of dividing archaeological work by time periods or artifact types the essays in this volume unite separate areas of research through the theme of the everyday
