## **Nigerian Army Question And Answer:**

**Nigeria Answers Questions** Nigeria. Federal Ministry of Information, 1968      Toward Understanding The Nigeria-Biafra War and Lingerin Questions Joseph Nnodim, 2022-11-14 Toward Understanding the Nigeria Biafra War and Lingerin Questions is a well researched account of the British engagement with the peoples of the lower Niger river basin which resulted in the fabrication of a Nigerian state under insincere and contrived premises The myriad ethnic groups shared nothing cherishable and never managed to find commonality of purpose or civic principle no small thanks to colonial policies predicated on divide et impera As a result the indigenous political class was bequeathed a toxic legacy of interethnic suspicion incoherence and disharmony at independence in 1960 Crisis followed crisis until the armed forces intervened and the First Republic collapsed in 1966 A further cascade of tragic events including the mass slaughter of people of the East caused that region to proclaim itself the independent sovereign Republic of Biafra in 1967 A civil war ensued and the critical developments during the crucial combat period are exhaustively chronicled The Biafran capital Enugu fell after three months of bitter fighting A war of attrition ensued lasting twenty seven more months during which at least one million babies and children succumbed to inanition The Nigeria Biafra War stands out ignominiously as one of the very rare conflicts in modern history in which one of the belligerents overtly declared its intention to starve its adversary into submission and clung to that policy even when it became abundantly clear that the victims were predominantly babies No proper accounting has been demanded or given The Igbo were the largest of the ethnic groups in the Republic of Biafra They had been in the vanguard of the struggle for Nigeria s independence and unity but paradoxically became the whipping boy in the postcolonial era when the country lost its collective mind They were subjected to untold savagery before as well as during the civil war whose repercussions they continue to suffer to the present day Their ethnography is explored in the context of both the conflict and the entirety of their Nigerian experience      **The Nigerian Army** N. J. Miners, 2023-12-20 Originally published in 1971 this book is an account of the development of the Nigerian Army in the critical ten years spanning independence It describes the transformation of a despised colonial defence force into a Nigerian army with a popularly recognized reputation On the eve of the first military coup the Army stood at the pinnacle of popular esteem It had been modernized and expanded had served with distinction in the Congo and elsewhere and all its officers were Nigerian The first half of the book traces the stages of this transformation and reveals the difficulties which had to be overcome The second part examines the increasing tension and political manoeuvring which exploded into the military coups of 1966      *Nominations Before the Senate Armed Services Committee, First Session, 107th Congress* United States. Congress. Senate. Committee on Armed Services, 2002      Military Integration after Civil Wars Florence Gaub, 2010-09-13 This book examines the role of multiethnic armies in post conflict reconstruction and demonstrates how they can promote peacebuilding efforts The author challenges the assumption that multiethnic composition leads to weakness of the military and shows how a multiethnic army is frequently the impetus for

peacemaking in multiethnic societies Three case studies Nigeria Lebanon and Bosnia Herzegovina determine that rather than external factors it is the internal structures that make or break the military institution in a socially challenging environment The book finds that where the political will is present the multiethnic military can become a symbol of reconciliation and coexistence Furthermore it shows that the military as a professional identity can supersede ethnic considerations and thus facilitates cooperation within the armed forces despite a hostile post conflict setting In this the book challenges widespread theories about ethnic identities and puts professional identities on an equal footing with them The book will be of great interest to students of military studies ethnic conflict conflict studies and peacebuilding and IR in general Florence Gaub is a Researcher and Lecturer at the NATO Defence College in Rome She holds a PhD in International Politics from Humboldt University Berlin

Federal Republic of Nigerian Army Dukor, Maduabuchi, 2018-07-14 Mohammed Chris Alli is a retired Nigerian Army Major General who served as Chief of Army Staff from 1993 to 1994 under General Sanni Abacha's regime and was military governor of Plateau State Nigeria from August 1985 to 1986 during the military regime of General Ibrahim Babangida. Many years later he was appointed interim administrator of the state during a 2004 crisis in the state following ethno religious killings in Shendam. Yelwa Local Government. In this anthology organized as a symposium on Mohammed Christopher Alli's work he is identified as one of those critical and rational thinkers/philosophers albeit a General in the Nigerian Army whose work finds a befitting logical space in the contemporary African philosophical tapestry. The book also captures the elements of military misrule in Nigeria and its undue influence on the body polity; it is a critical survey of past military misadventures and a satire against false federalism; it is a firm warning against future corruption and impunity in the military. Defence Policy of Nigeria: Capability and Context Charles Quarker Dokubo, Celestine Oyom Bassey, 2011-01-20 This Reader provides a structurally coherent explanation and review of the magnified role conception and organizational task expansion for the Nigerian military establishment in foreign policy. It argues essentially that one of the most problematic and intractable areas of public policy in Nigeria since the Civil War concerns the development of a professional defence establishment adequate to meet the challenges arising from the altered parameters of our security environment. The correction of this condition is the primary motivation of the Armed Forces modernization and augmentation program that touches upon all elements of Nigeria's military power. This Reader is at once a review and a critique of the major facets of this modernization and augmentation process of the Nigerian armed forces within the operative context of the changing dimension of threat perception and the strategic parameters that have guided Nigerian military planning since the Civil War in 1970.

**In the Footsteps of Rome** Philip J. Tarnoff, 2016-11-14 *In the Footsteps of Rome* is an epic tale that validates the United States' vulnerability to a major attack by its enemies. The gripping story begins on the battlefields of the Middle East and Africa where independent groups are fighting for the overthrow of their governments. A new well-financed organization emerges with the objective of uniting these disparate groups into an effective jihadist force having the ambitious goal of establishing a worldwide Muslim Caliphate. The organization's effectiveness is enhanced by its acquisition of an advanced technology capable of inflicting significant damage on the United States. For the U.S. the end result like that of Rome is chaos and the erosion of its system of government. *In the Footsteps of Rome* reflects Philip Tarnoff's first-hand knowledge of both government agencies and the private sector. His career experience includes work with state and federal agencies most recently focusing on the operation of America's highway transportation system, a pursuit for which he has received many awards. As our government pours large sums of money into defense while its infrastructure crumbles, it

becomes increasingly clear that the U S is following the path of the Rome whose investments in military superiority dwarfed expenditures on the Empire s other critical needs Tarnoff s first book *The Road Ahead* which discussed necessary improvements in transportation operations has received universal acclaim It is now followed by this work of fiction which exposes the weaknesses of a deteriorating society      **Translations on Sub-Saharan Africa** United States.
