provides a timely and magisterial analysis of offshore wind licensing processes and their regulation from a global perspective It not only explores the concept of licensing and the governance frameworks and backgrounds in which licensing rules are developed but also looks at the crucial legal challenges facing the licensing of offshore wind farms that regulators legislatures operators and legal practitioners are likely to encounter **Comparative Health Law and Policy** Irehobhude O. Iyioha, Remigius N. Nwabueze, 2016-05-23 Health law and policy in Nigeria is an evolving and complex field of law

spanning a broad legal landscape and drawn from various sources In addressing and interacting with these sources the volume advances research on health care law and policy in Nigeria and spells the beginning of what may now be formally termed the Nigerian health law and policy legal field The collection provides a comparative analysis of relevant health policies and laws such as reproductive and sexual health policy organ donation and transplantation abortion and assisted conception with those in the United Kingdom United States Canada and South Africa It critically examines the duties and rights of physicians patients health institutions and organizations and government parastatals against the backdrop of increased awareness of rights among patient populations The subjects which are discussed from a legal ethical and policy reform perspective critique current legislation and policies and make suggestions for reform The volume presents a cohesive comparative and comprehensive analysis of the state of health law and policy in Nigeria with those in the US Canada South Africa and the UK As such it provides a valuable comparison between Western and Non Western countries *Web-Based Services: Concepts, Methodologies, Tools, and Applications* Management Association, Information Resources, 2015-11-09 The recent explosion of digital media online networking and e commerce has generated great new opportunities for those Internet savvy individuals who see potential in new technologies and can turn those possibilities into reality It is vital for such forward thinking innovators to stay abreast of all the latest technologies *Web Based Services Concepts Methodologies Tools and Applications* provides readers with comprehensive coverage of some of the latest tools and technologies in the digital industry The chapters in this multi volume book describe a diverse range of applications and methodologies made possible in a world connected by the global network providing researchers computer scientists web developers and digital experts with the latest knowledge and developments in Internet technologies **Doing Business 2013** World Bank, 2012-10-22 Tenth in a series of annual reports comparing business regulations in 185 economies *Doing Business 2013* measures regulations affecting 11 areas of everyday business activity around the world **OECD Review of Agricultural Policies: South Africa 2006** OECD, 2006-04-19 OECD s first comprehensive OECD review of agricultural policies in South Africa this book presents an overview of South Africa s agricultural policies combined with an assessment of the level of support provided to South Africa s agriculture *Comparative International Law Approaches for Optimizing Petro-Wealth in Nigeria: The Sustainable Development Pathway* Dr. Onome Ejenavi, 2024-03-24 International and Comparative Law Approaches for Optimizing Petro Wealth in an SDGs Context and in harmony with sustainable development forms the core and subject of this book This book considers a beleaguered Nigerian oil industry and the pervasive contemporary struggles to sustain lucrative oil production in the 21st Century Currently Nigeria grapples with unrelenting and intractable challenges in its oil industry and apparently a plausible means of alleviating the extensive negative impacts of untenable oil exploitation patterns in the Niger delta have remained elusive From the foregoing the missing ingredient seems to be a dismal lack of sustainability endeavored approaches to guarantee a green petroleum industry economic growth and poverty eradication which remain vital

considerations for a developing state like Nigeria Apparently the development that meets the needs of the present without compromising the interests options and indeed the needs of future generations summed up in the definition of sustainable development appears to be a maxim with minimal recognition or import in the Niger Delta which remains the hub of oil exploitation in Nigeria This book is thus motivated by the constantly evolving yet irrefutable implications arising from the concept of Sustainable Development and how it can be realistically applied to oil and gas exploitation Air Cargo Joachim G. Schäfer,2023-02-17 This book uses numerous examples to describe the current opportunities and risks of air freight against the backdrop of stagnating transport volumes since the financial crisis in 2008 It shows what impact these developments have had on those involved in particular shippers airlines airports and freight forwarders The application oriented presentation also provides an insight into the design of complex supply chains and the areas of tension in which the players in air freight operate
