Poems From His Fountain:

The Poetry of Antonio Machado Xon de Ros, 2015 This book offers a much needed reappraisal of a major twentieth century Spanish poet Antonio Machado 1875 1939 offering compelling arguments why his poetry should have a more vital profile not only within the precincts of Hispanism but also alongside the most significant twentieth century poets of Europe and America seeking to open up new perspectives for the interpretation of his poetry The unifying concepts as the title suggests are landscape and transformation Landscape a topic barely broached in Spanish poetry before Machado is a central thematic concern in his poetry The Phoenix at the Fountain Carol Falvo Heffernan, 1988 By exploring the hitherto neglected anthropological and scientific background of these poems images this study shows that female physiology and the scenario of female initiation rites constitute such pervasive forces that the interpretation of the poems must be reevaluated

W.B. Yeats, Ezra Pound, and the Poetry of Paradise Sean Pryor, 2016-02-24 Emphasizing the interplay of aesthetic forms and religious modes Sean Pryor's ambitious study takes up the endlessly reiterated longing for paradise that features throughout the works of W B Yeats and Ezra Pound Yeats and Pound define poetry in terms of paradise and paradise in terms of poetry Pryor suggests and these complex interconnections fundamentally shape the development of their art Even as he maps the shared influences and intellectual interests of Yeats and Pound and highlights those moments when their poetic theories converge Pryor's discussion of their poems profound formal and conceptual differences uncovers the distinctive ways each writer imagines the divine the good the beautiful or the satisfaction of desire Throughout his study Pryor argues that Yeats and Pound reconceive the quest for paradise as a quest for a new kind of poetry a journey that Pryor traces by analysing unpublished manuscript drafts and newly published drafts that have received little attention For Yeats and Pound the journey towards a paradisaic poetic becomes a never ending quest at once self defeating and self fulfilling a formulation that has implications not only for the work of these two poets but for the study of modernist literature *The Poetry Series* Vanessa M. Chattman, 2020-06-12 The Poetry Series By Vanessa M Chattman There will probably always be speculation as to if spirits exist Some think it's all hocus pocus while others may believe otherwise For author Vanessa Chattman They are absolutely around us making their presence known Her personal paranormal experiences inspired The Poetry Series Enjoy this poetry collection which includes her many very real encounters with the unknown **Modern Visual Poetry** Willard Bohn, 2001 Far from frivolous playthings modern visual poems represent serious experiments Together with other members of the avant grade the visual poets sought to restructure the basic vision of reality that they inherited from their predecessors This statement describes contemporary visual poets as well who like their earlier colleagues strive to say things that are more meaningful in ways that are more meaningful BOOK JACKET **Rivermen** Frederic S. Colwell, 1989-09-01 Rivermen examines the mythic context and psychological dimensions of the river and its source through an investigation of the recurring motifs associated with the source in classical and English literature the heroic quest the river journey and the

naiad or muse Frederic Colwell focuses on the writings of those redoubtable rivermen the English Romantic poets He explores poems by Wordsworth Coleridge Keats and Shelley showing that the image of the river is used in their work as a compelling archetype and a metaphor for the nature and process of the creative impulse From the preface Unlike the rhythms of oceans rivers have direction and a purposive flow The river s will is always its own not laid down by man for whom the river passage demands a surrender to its will its currents and eddies To move with the flow is to course with time and change to stand astride or view it from a height offers the prophetic stance by which we contemplate its entire passage its past present and the brightening waters or rippling shoals ahead *Apollinaire, Visual Poetry, and Art Criticism* Willard Bohn,1993 More than anything perhaps this volume strives to elucidate the concept of poesie critique which has received very little attention This omission is surprising since the genre influenced the Surrealist invention of poesie synthetique as well as many writers who followed Apollinaire trying to reconcile poetry and criticism **Poem and Symbol** Wallace Fowlie,2010-11-01 *The Collected Writings of Thomas De Quincey* Thomas De Quincey,1897 *A Concordance to the Poetry of Thomas Traherne* George R. Guffey,2024-03-29 Concordance to the Poetry of Thomas Traherne offers an essential systematic tool for scholars of seventeenth century literature and poetry particularly those exploring Traherne s unique spiritual and philosophical verse Drawing from H M Margoliouth s definitive 1958 edition this concordance meticulously catalogs each word and line from Traherne s complete poetic works providing a valuable resource for textual analysis interpretation and comparative study By indexing Traherne s poetry according to individual manuscripts published books and marginalia it brings clarity to the complexities of his textual variations and orthographic idiosyncrasies The concordance includes only the authoritative texts from the Dobell Folio eschewing Philip Traherne s later revisions and focuses on Traherne s intended compositions Concordance entries facilitate cross referencing within Traherne s poetic canon capturing his language s nuances and revealing thematic connections such as his profound engagement with concepts of innocence divinity and the natural world Scholars will find the inclusion of rare words specialized spellings and titles annotated for source consistency a critical aid in interpreting Traherne s linguistic style and theological insights This title was originally published in 1974 Concordance to the Poetry of Thomas Traherne offers an essential systematic tool for scholars of seventeenth century literature and poetry particularly those exploring Traherne s unique spiritual and philosophical verse Drawing from H M Margoliouth s **Mediating Order and Chaos** Rodney Farnsworth,2021-11-08 This literature centered study offers an interdisciplinary approach to Romantic culture If is pioneering in that it employs the complexity method of anthropology Recent literary studies employ the complexity chaos theory adapted from the natural sciences however here is presented for the first time a complexity method taken from the social human sciences This complexity method is useful in mediating not only contradictions within Romanticism but the chaos of contemporary theories concerning it One of the intensifying literary debates is that between the so called Greens and Reds naturalists and humanists Mediating Order and

Chaos not only traces the split between nature and man to Romantic Culture but finds there too a Spinozian vision of man and nature in unity thereby denying any naturalist humanist split This volume is of interest for those who wish to see essays in the holistic approach to culture Centering on hydraulics hydrology and meteorology this study examines literature painting music economics and the rhetoric of science philosophy and politics it therewith demonstrates how the water cycle was transformed into a cosmic metaphor that mediated in the form of several complex adaptive systems between the chaos of too much change and that of not enough

Byron and Orientalism Peter Cochran, 2009-03-26 Of all the English Romantic poets Byron is often thought of as the one who was most familiar with the East His travels it is claimed give him a huge advantage with which contemporaries like Southey Moore Shelley and Coleridge who had comparable orientalist ambitions could not compete Byron and Orientalism sets out to examine this thesis Based on a conference held in 2005 at Nottingham Trent University it looks at Byron's knowledge of the East and of its religions in particular in greater detail than ever before Essays are included on Byron's Turkish Tales Edward Said's attitude to Byron Byron's version of Islam Byron's Hebrew Melodies and Byron's influence on the orientalist writings of Pushkin and Lermontov There is a massive introduction setting Byron's eastern poetry in the contexts both of European literature English literature and the poet's own confused and disorientated existence
