Communication and Aging Jon F. Nussbaum, Loretta L. Pecchioni, James D. Robinson, Teresa L. Thompson, 2013-05-13 This text employs a communication perspective to examine the aging process and the ability of individuals to adapt successfully to aging It continues the groundbreaking work of the first edition emphasizing a life span approach toward understanding the

social interaction that occurs during later life The edition provides a comprehensive update on the existing and emerging research within communication and aging studies and considers such topics as notions of successful aging positive and negative stereotypes toward older adults and health communication issues It raises awareness of the barriers facing elderly people in conversation and the importance such conversations have in elderly people's lives The impact of nonrelational processes such as hearing loss are considered as they impact relationships with others and affect the ability to age successfully The book is organized into 14 chapters Each chapter is written so that the reader is presented with an exhaustive review of the pertinent and recent literature from the social sciences As in the first edition when the literature is empirically based the communicative ramifications are then discussed Readers of this volume will gain greater understanding of the importance of their communicative relationships and how significant they remain across the life span Developed for students in communication psychology nursing social gerontology sociology and related areas Communication and Aging provides important insights on communication to all who are affected by the aging process

Tableaux Vivants Grace Ann Hovet, 2009-06-26 Grace Ann Hovet contends in this study of novels written by middle class white American women from 1850 to the contemporary period that their portrayals of the development of female identity adds a great deal of supporting evidence to the assertion of several influential psychologists social scientists and philosophers that while identity is surely shaped in part by culture and social structures it is also unique to each individual In the words of Mark Tappan in *Narratives and Story Telling* an inner self defines itself through an ongoing dialogue between the internally persuasive discourse of individual consciousness and the authoritarian enforced discourse of the dominant culture and institutions 1991 18 In the novels considered here much of the inner discourse is performed The female protagonist understands that she is expected to act out the accepted feminine role As a consequence the inner self expresses itself through the conscious manipulation of the image For this reason Professor Hovet argues that tableaux vivants provide

an apt central metaphor for the development of female identity in these novels. These living pictures consist of individuals usually women carefully costumed and posed to replicate famous scenes from history and the arts. In the nineteenth century these tableaux evolved in the United States into an extremely popular parlor game or entertainment interlude in middle class social gatherings. In the novels Lily Barts' portrayal of Joshua Reynolds's Mrs. Lloyd in Edith Wharton's *The House of Mirth* provides the most vivid example. But the novels also make it clear that tableaux vivants were a part of everyday life as young women learned to pose before others as the model of feminine beauty or as the angel in the house. This study adds to those of Susan Fraiman, Lori Merish, and Nancy Armstrong that describe the relationship of novels to the development of middle class subjectivity. In particular, it explains the process by which a female subjectivity evolved in the United States from the mid-nineteenth to late twentieth century. Employing a historical continuum, Professor Hovet selected for study novels that she saw as most influential in the culture of the United States because of their ongoing popularity and continued presence in the culture. Literary historians consider Susan Warner's *The Wide, Wide World* (1850) to be America's first best seller. *Little Women* (1869) has been one of the most read and loved novels at least among young female readers for more than a century and has been made into at least four well-known movies with stars the caliber of Katherine Hepburn and Winona Ryder. Harriet Beecher Stowe's *My Wife and I* (1871) was hugely successful in an intensely competitive serial fiction market. Kate Chopin's *The Awakening* (1899) has become a mainstay in literature and women's studies classrooms and has been made into at least two movies. *End of August* and *Grand Isle*. Edith Wharton's *The House of Mirth* (1905) was not only popular among middle class readers of the time but has become known to mass culture through the 2000 movie version. Margaret Mitchell's *Gone with the Wind* (1936) and its movie version generated the term blockbuster. Harper Lee's *To Kill a Mockingbird* has been one of the most widely read books of the twentieth century and the movie starring Gregory Peck is now a cultural icon. Marilyn French's *The Women's Room* (1977) remains a cause célèbre and Mona Simpson's *Anywhere But Here* (1986) was reprinted six times within two months of its publication and became a movie starring Susan Sarandon. The study also tries to show how depictions of female identity surfaced tensions and anxieties in the dominant social discourse. All the novels in this analysis are so-called crossover novels. The term crossover has become common in culture studies, particularly in analyses of the way some works reach a large enough audience to breach the walls that t

QEd ,2007 The Teen-Centered Book Club Bonnie Kunzel, Constance Hardesty, 2006-03-30 Vibrant, dynamic teen book clubs the kind teens eagerly anticipate and attend. Session after session are teen-centered. With innovative, pragmatic ideas that will attract and retain teen readers, this guide provides everything you need to run a successful teen-centered book club. Covering every step from planning and promoting to how to prompt discussion and keep it civilized, this is a one-stop source for the teen book club leader. Dozens of reproducibles for teens include book lists, ground rules, and book-based activities. The book even has directions for evaluating your club and lists of resources for more information. Whether you're starting a teen book club, trying to revive a flagging program, or wish

to build on past success if you're involved in a teen book club this guide is a must. What's the difference between a teen book club and an adult one? Too often the answer is: Not much. Like so many programs for teens, traditional book clubs tend to be scaled-down versions of adult clubs. If book selection, taboo topics, and logistical details are the most important things that set your teen book club apart from an adult one, you could be missing a huge opportunity. Vibrant, dynamic teen book clubs, the kind teens eagerly anticipate and attend session after session, are teen-centered. They're not merely for and about teens but are grounded in the admittedly radical idea that the club is not primarily about library programming or even about books but is all about teens: their interests and needs, their social habits and styles, their initiative. Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders. Furthermore, the teen-centered book club has huge potential to further a whole range of library goals, from bringing more teen patrons through the door to building community-wide awareness and support for the library itself. What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries: budgeting, impact on the facility, and the collection, and potential attempts at censorship, to name just a few. It's also the only guide that takes a teen-centered approach, putting front and center the idea that, as with so many other things, book clubs for teens are not merely scaled-back versions of adult clubs. Whether you are starting a club, attempting to revive a flagging program, or building on past success, this manual offers you innovative, pragmatic ideas that will attract and retain teen readers. Grades 6-12. **Teen Book Clubs** offers a fresh, new approach for today's teen readers and clear instructions along with tips and ideas for building teen-centered book clubs. In 12 brief chapters, the book covers the teen-centered book club: what it is and what it takes to make it work; putting it together; planning and putting the plan in action; going public; recruiting; boosting visibility; garnering support; 15 cunningly creative types of teen book clubs; using book club to develop teen leaders; scads of book lists; reproducibles; and sample discussion prompts, tweaking, troubleshooting, and tips for keeping it civilized; evaluations; beyond measure; resources for more information. Filled with practical checklists, figures, worksheets, and reproducibles, this is the guide that all teen book club leaders should have. **The Summer of Good Intentions** Wendy Francis, 2015-07-07. Three sisters and their families come together for their annual summer vacation on Cape Cod, where beloved traditions and long-held assumptions are jeopardized by the secrets each brings from home. [Knowing Who We Are: Leader Guide](#) Lacey C. Warner, 2024-06-18. Discover what sets United Methodism apart.
