Bilingualism in Asian Classrooms Alice Honig, 2017-10-02 Contrary to previously held beliefs that bilingualism would hinder cognitive and language development in children research has shown that bilingual children show enhanced cognitive flexibility and an ability to better focus their attention This book explores both emergent literacy and bilingualism in children in four Asian countries Hong Kong Singapore Myanmar and Taiwan giving specific examples of how adults including parents teachers and other education professionals can use creative interaction as opposed to rote learning to increase children's interest in learning English as a second language This is especially important in the increasingly computer connected world where innovation can be key in making second language learning both interesting and effective Specific contributions to this volume include a case study of Taiwanese families analyzing home videos of their children's responses to the task of reading a Mandarin picture book of vocabulary instruction in Hong Kong which requires children to gain triple language proficiency Cantonese English and Mandarin of the relation between Cantonese proficiency amongst 5 year olds in Hong Kong and their receptiveness to learning new English vocabulary of the relation between English reading ability and Mandarin speaking ability amongst Singaporean children of the importance of teachers sensitivity to gender differences among 6 year olds in Singapore learning English as a second language of the active promotion of storytelling by teachers in Myanmar in order to develop children's interest in story structure and to stimulate early language skills and of an emphasis on family based emergent literacy activities for children in Taiwan This book was originally published as a special issue of *Early Child Development and Care* *Backpacker*, 2001-03 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured Children's Books in Print, 2007, 2006 The Electrical Review, 1911 New York State Grade 3 ELA Test Prep New York State ELA Test Prep Team, Origins Publications, 2018-12-20 The objective of our New York State Test Prep Book for third grade ELA is to provide students educators and parents with practice materials focused on the core skills needed to help students succeed on the NY State ELA grade 3 assessment A student will fare better on a test when s/he has practiced and mastered the skills measured
