Recipe Champagne Vinegar:

100 Recipes America's Test Kitchen, 2015-10-13 A provocative handpicked collection of relevant and surprising essential recipes for today's cook. We have countless recipes at our disposal today, but what are the real keepers, the ones that don't just feed us when we're hungry or impress our friends on Saturday night but inspire us to get into the kitchen? At the forefront of American cooking for more than 20 years, the editors at America's Test Kitchen have answered this question in an essential collection of recipes that you won't find anywhere else: *100 Recipes Everyone Should Know How to Make*. Organized into three recipe sections: Absolute Essentials, Surprising Essentials, and Global Essentials, each recipe is preceded by a thought-provoking essay that positions the dish. For example, "Treating Pasta Like Rice Simplifies Everything," "A Covered Pot Is a Surprisingly Good Place to Roast a Chicken," and "Reimagine Pie in a Skillet to Simplify the Process." You'll find useful workday recipes like a killer tomato sauce that's almost as easy as opening a jar of the store-bought stuff, genius techniques for producing amazing flavor (try poaching chicken breasts over a garlic and soy-spiked brine), trust us, it's that good, and familiar favorites reinvigorated (the best beef stew comes from Spain and it's even easier to make than the stateside stew you've been eating for years). Gorgeous photography shot right in the test kitchen accompanies every recipe, revealing the finished dish as well as highlights of its preparation. Likely to stir debate among anyone interested in food and cooking, *100 Recipes Everyone Should Know How to Make* provides a snapshot of how we cook today and will galvanize even the most jaded cook to get into the kitchen.

Recipes from Historic Texas Linda Bauer, Steve Bauer, 2003-09-25 Tired of the boring chain restaurant scene? *Recipes from Historic Texas* will please your palate and nourish your mind. Enjoy a unique bit of Texas history by visiting a wide variety of restaurants located in unusual historic settings: a gristmill, a Dr. Pepper bottling plant, a church, and a funeral home, to name a few. Two recipes from each establishment are offered to form a well-balanced selection of Texas cuisine. A brief history of each of the 70 restaurants is included, followed by basic information such as hours of operation, location, and other important details. The recipes themselves are an eclectic mix of the simple and the exotic, from the Cowboy Omelet at Beaumont's The Pig Stand to the Jicama Salad at Dallas's famous Mansion on Turtle Creek. Two indexes, one to restaurants and the other to recipes, make the book equally useful as both a travel guide and a cook book.
