POLARIS SPORTSMAN 570 ULTIMATE TRAIL LIMITED EDITION

An ATV with so much versatility

By Adam Carver

Over the years Polaris has managed to combine quality and performance into a performance product. Early models of the Polaris ATVs not only matched some of the Japanese manufacturers, but also created new standards implementing new and innovative technical features, such as a MacPherson strut-style suspension and the widespread use of CVTs in stock quads. Through the years the Sportsman has had its share of updates, including a new offset

axle design and body look in 2009. With eight different versions of the Sportsman 570 to choose from and a price range of \$7,999 to \$14,999, it is a hard quad to ignore when it comes time to shop.

Our time on the machine was thoroughly enjoyable and had us rethinking what we thought we actually needed for a good time. Our Sportsman 570 had some of our most extreme trail riders integrated out on the trail. That is saying something for a 64-horsepower machine.

Available in the Orange Revolution color, the Polaris Sportsman 570 Ultimate Trail Limited Edition has great performance and looks for a "caddy" feel quad.
