Spagna del sud, 2005 Brasile Touring Club - Italia, 2004 *Grecia continental*, 2002 **Popular and Visual Culture** Ricardo Campos, Rúben Pinho, Clara Sarmento, 2014-10-02 Popular and Visual Culture Design Circulation and Consumption is a transnational project that fosters a dialogue with multiple origins both in geographical and academic terms From the onset this book questions the concepts of visual and popular culture terms which are currently applied both to describe scientific fields as operative concepts in theoretical discourse and to characterize specific cultural contexts The book's analysis and categorization of visual and popular culture pursues discourses and practices which mark different historical eras and shape social orders Because popular iconic and written productions are the outcome of a network of political economic ideological and social circumstances that are often hardly detectable and too taken for granted to be critically recognized even by those who draw paint or write and live under their influence That is why visual figurations of popular culture should be studied as the support of a deeply motivated symbolic discourse on the values shared by a community This book deals in a way or another with how popular and visual artefacts and sceneries are socially built preserved and/or contested The volume brings together not only different disciplinary perspectives but also diverse empirical phenomena while approaching the wide subject of visibility and popular culture
