waste is exactly what no corporation in search of total quality in its product and of complete acceptance by the consumer can afford today The Total Quality Corporation also provides a fascinating overview of the growing challenges facing the three major economic regions of the world Europe Japan and America How corporations respond and how fast they do it will determine who wins in the ever more demanding race for global marketshare And the race has already started as is evident in this timely compelling book BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved
