Rosenthal Counseling Study Guide:

The Counselor Educator's Survival Guide Dilana M. Perera-Diltz, Kathryn C. MacCluskie, 2013-06-19 For those developing and teaching Counselor Education courses in Clinical Mental Health Counseling and School Counseling programs this unique text will be a valuable resource. In it, experienced instructors provide guidance based on their own breadth of experiences demonstrating how to design and implement an effective curriculum. Chapters cover course topics such as theories of counseling, multicultural counseling, legal and ethical issues, psychopharmacology, and many more. Each chapter is organized in the following sequence: an overview and objectives of the course including CACREP standards, criteria for evaluating a text, and evaluations of the most popular texts used; supplemental reading and web sites; learning activities; counseling vignettes; assignments; and a tentative course schedule, concluding with comments and advice from the author. The authors also speak about the main points they want their students to master and some of the dilemmas and challenges they have faced in their own teaching. Both seasoned faculty looking for ways to enrich a course and new educators teaching for the first time will find this an indispensable resource for both themselves and their departments. *The School Counselor's Study Guide for Credentialing Exams* Rita Schellenberg, 2013-06-19 The School Counselor's Study Guide for Credentialing Exams is the only study guide on the market based on the ASCA School Counselor Competencies, CACREP Standards, NBCC NCSCE content requirements, and the NCATE and NBPTS Standards. Designed to help users build knowledge and skills that are transferrable to any test format, it can be used to prepare for the NCSCE Praxis II School Counseling Specialty Exam, NBPTS School Counseling national certification exam, Comprehensive School Counselor Education program exams, and state certification exams for professional school counseling. Each chapter aligns with one of the eight CACREP content areas for school counseling and covers in depth the material necessary to succeed on any of the exams. Also included in each chapter are case scenarios, guided reflection questions, and actual exam practice questions. A full-length practice exam is provided at the end, with answers and explanations for correct and incorrect responses. Additional resources include a glossary of important terms and lists of ethical codes and competencies for various school counseling-related organizations. Students and professionals seeking a professional school counselor credential will find this to be an invaluable tool in their exam preparation.
