Rccg Sunday School Manual For 2013:

Spirit and Power Donald E. Miller, Kimon H. Sargeant, Richard Flory, 2013-08-15 An exploration of the global growth and social and political impact of Pentecostalism *Christianity and Controversies over Homosexuality in Contemporary Africa* Ezra Chitando, Adriaan van Klinken, 2016-05-12 Issues of homosexuality are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them Complementing the companion volume Public Religion and the Politics of Homosexuality in Africa this book investigates Christian politics and discourses on homosexuality in sub Saharan Africa The contributors present case studies from various African countries from Nigeria to South Africa and from Cameroon to Uganda focusing on Pentecostal Catholic and mainline Protestant churches They critically examine popular Christian theologies that perpetuate homophobia and discrimination but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity social justice and human rights in contemporary Africa *The African Christian Diaspora* Afe Adogame, 2013-04-25 The last three decades have witnessed a rapid proliferation of African Christian communities particularly in Europe and North American diaspora thus resulting in the remapping of old religious landscapes This migratory trend and development bring to the fore the crucial role functions and import of religious symbolic systems in new geo cultural contexts The trans national linkages between African led churches in the countries of origin Africa and the host societies are assuming increasing importance for African immigrants The links and networks that are established and maintained between these contexts are of immense religious cultural economic political and social importance This suggests how African Christianities can be understood within processes of religious transnationalism and African modernity Based on extensive religious ethnography undertaken by the author among African Christian communities in Europe the USA and Africa in the last 17 years this book maps and describes the incipience and consolidation of new brands of African Christianities in diaspora The book demonstrates how African Christianities are negotiating and assimilating notions of the global while maintaining their local identities *Les Églises d'initiative africaine* Hannes Wiher, 2019-12-31 La littérature sur le thème des églises d'initiative africaine est très abondante en anglais mais ce phénomène n'est pas encore un sujet de réflexion très abordé et approfondi dans le monde francophone Il suscite souvent des réactions stéréotypées et négatives qui contrastent avec l'appréciation positive des membres et des promoteurs des églises d'initiative africaine Comment faut-il donc voir ce mouvement d'envergure croissante Cet ouvrage donne la parole la fois aux membres et missiologues issus des églises d'initiative africaine et aux voix extérieures pour présenter ce phénomène en faisant une description puis une valuation de la contextualisation faite par ces églises et

mouvements Ce deuxième texte en français sur les églises d'initiative africaine rédigé dans une perspective vangelique est le fruit d'un travail collectif des doctorants en missiologie de la Faculté de théologie vangelique de Bangui au Cameroun largi quelques missiologues du Réseau vangelique de missiologues pour la francophonie Il intéressera tous ceux qui désirent mieux connaître les églises d'initiative africaine Nigerian Pentecostalism and Development Richard Burgess, 2020-04-06 This book examines the contributions both intentional and unintentional of Nigerian Pentecostal churches and NGOs to development studying their development practices broadly in relation to the intersecting spheres of politics economics health education human rights and peacebuilding In sub-Saharan Africa Pentecostalism is fast becoming the dominant expression of Christianity but while the growth and civic engagement of these churches has been well documented their role in development has received less attention The Nigerian Pentecostal landscape is one of the most vibrant in Africa Churches are increasingly assuming more prominent roles as they seek to address the social and moral ills of contemporary society often in fierce competition with Islam for dominance in Nigerian public space Some scholars suggest that the combination of an enchanted worldview an emphasis on miracles and prosperity teaching and a preoccupation with evangelism discourages effective political engagement and militates against development However Nigerian Pentecostalism and Development argues that there is an emerging movement within contemporary Nigerian Pentecostalism which is becoming increasingly active in development practices This book goes on to explore the increasingly transnational approach that churches take often seeking to build multicultural congregations around the globe for instance in Britain and the United States Nigerian Pentecostalism and Development Spirit Power and Transformation will be of considerable interest to scholars and students concerned with the intersection between religion and development and to development practitioners and policy makers working in the region

Public Religion and the Politics of Homosexuality in Africa Adriaan van Klinken, Ezra Chitando, 2016-04-14 Issues of same sex relationships and gay and lesbian rights are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them This is the first book with multidisciplinary perspectives on religion and homosexuality in Africa It presents case studies from across the continent from Egypt to Zimbabwe and from Senegal to Kenya and covers religious traditions such as Islam Christianity and Rastafarianism The contributors explore the role of religion in the politicisation of homosexuality investigate local and global mobilisations of power critically examine dominant religious discourses and highlight the emergence of counter discourses Hence they reveal the crucial yet ambivalent public role of religion in matters of sexuality social justice and human rights in contemporary Africa **Global Religious Movements Across Borders** Stephen M. Cherry, Helen Rose Ebaugh, 2016-04-22 From global missionizing

among proselytic faiths to mass migration through religious diasporas religion has traveled from one side of the world and back again It continues to play a prominent role in shaping world politics and has been a vital force in the continued emergence spread and creation of a transnational civil society Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries service movements this book focuses on how religious movements establish structures to assist people with basic human needs such as food clothing shelter education and health Examining a multitude of faith traditions with origins in different parts of the world seven contributing chapters with an introduction and conclusions by the senior author offer a unique discussion of the intersections between religious transnationalism and social movements *Transnational Religious Spaces* Philip Clart,Adam Jones,2020-07-06 This volume bringing together work by scholars from Europe East Asia North America and West Africa investigates transnational religious spaces in a comparative manner by juxtaposing East Asian and African examples It highlights flows of ideas actors and organizations out of into or within a given continental space These flows are patterned mainly by colonialism or migration The book also examines cases where the transnational space in question encompasses both East Asia and Africa notably in the development of Japanese new religions in Africa Most of the studies are located in the present a few go back to the late nineteenth century The volume is rounded off by Thomas Tweed s systematic reflections on categories for the study of transnationalism his chapter Flows and Dams critically weighs the metaphorical language we use to think speak and write about transnational religious spaces The Sunday School Teacher's Manual, Or, The Principles and Methods of Instruction as Applied to Sunday School Work William Howse Groser,1877 **A Manual of Sunday-school Methods** Addison Pinneo Foster,1899 **The Sunday school manual.
