The Holy Spirit Stanley M. Burgess, 1989 *The Holy Spirit* Medieval Roman Catholic and Reformation Traditions Sixth

Sixteenth Centuries is the third in a series of three volumes devoted to the history of Christian pneumatology. In the first volume *The Holy Spirit: Ancient Christian Traditions* formerly titled *The Spirit and the Church Antiquity* Stanley M Burgess detailed Christian efforts from the end of the first century to the end of the fifth century A D to understand the divine Third Person. Volume 1 explored the tensions between the developing institutional order and various prophetic elements in the Church. The second volume *The Holy Spirit: Eastern Christian Traditions* brought together a wealth of material on the Spirit from Eastern Christian traditions, a rich heritage often overlooked in Western Christianity. By exploring the various ways in which Eastern theologians understood the Third Person of the Trinity, volume 2 showed how modern Christians can gain a wider vision and fuller understanding of the workings of the Holy Spirit in history and in our own generation. This concluding volume examines medieval Roman Catholic and Reformation attitudes toward the Holy Spirit, beginning with the writings of medieval Catholic theologians from Gregory the Great and Bede to Aquinas and Bonaventure. Subsequent sections describe the contributions of influential women such as Hildegard of Bingen, Birgitta of Sweden, and Catherine of Siena; fringe figures such as Joachim of Fiore and the Cathars; the magisterial reformers Luther, Zwingli, and Calvin; leading Catholic reformers such as Ignatius of Loyola; and the radical reformers Thomas Muntzer and Menno Simons.

Desert Banquet David G.R. Keller, 2011-10-01 The wisdom of the desert fathers and mothers lies in their experiences of solitude, prayer, community, life, work, and care for their neighbors. Their goal was transformation of their lives through openness to the presence and energy of God in Christ. They taught by example and by sharing narratives and sayings that reflect the deep human psychological and spiritual aspects of their journey toward authentic human life. The venue for their transformation was the whole person: body, mind, and spirit. They emphasized self-knowledge, humility, purity of heart, and love of God and neighbor. Far from being naïve, their sayings and narratives reflect honest struggles, temptations, and failures. They also demonstrate the disciplines of prayer and meditation that kept them centered in God as their only source of strength. The daily reflections in *Desert Banquet* introduce readers to a variety of these early Christian mentors and offer reflections on the significance of their wisdom for life in the twenty-first century. David G. R. Keller, an Episcopal priest, is adjunct professor of ascetical theology at the General Theological Seminary in New York City. He is co-steward with his wife Emily Wilmer of Oasis of Wisdom, an Institute for Contemplative Study, Practice, and Living based in Asheville, North Carolina. www.oasisofwisdom.net He is the author of *Oasis of Wisdom: The Worlds of the Desert Fathers and Mothers* (Liturgical Press) and *Come and See: The Transformation of Personal Prayer* (Morehouse Publishing).

Centered Living Basil Pennington, 2010-12-29 Introduces the concept of centering prayer, offers suggestions on how to pray, and discusses the purpose and benefits of prayer.

Cassian and the Fathers Thomas Merton, 2005 *Cassian and the Fathers* is the initial volume in the series of Novitiate Conferences of Thomas Merton, the classes he presented to young men beginning their monastic life at the Abbey of Gethsemani in Kentucky. They contain Merton's insights on important Patristic and monastic figures preceding the time of St. Benedict, above all John Cassian, the

most significant bridge between the early desert fathers and the development of monastic life in the West and they reveal the continuing relevance of their teachings for contemporary monastics and other Christians Much of the value and interest of Cassian and the Fathers as of the novitiate conferences in general lies in the light it casts on Merton himself as teacher novice master and monk These notes provide a privileged standpoint for observing Merton functioning as an integral and important member of his monastic community The public Merton has long been visible in his works written for publication and has more recently been complemented by the interpersonal Merton disclosed in his correspondence and the intimate Merton revealed in his complete journals While the novitiate conferences may not equal in significance these other sources they do allow access to yet another stratum of Merton s wide ranging and immensely productive engagement with his world from the distinctive standpoint he had chosen within a tradition dating back more than sixteen centuries While these lectures need to be used critically and carefully in evaluating Merton s own perspectives and commitments nevertheless they do need to be used The dialectical relationship between Merton s private and more public statements including those made to his novice classes makes possible a more complex and thus a richer picture of his monastic identity and so of his personal identity In learning about Cassian and the Fathers from Merton one learns as well about Merton as monk as heir to the great monastic teachers and as teacher of a new generation of monks an easily overlooked and undervalued yet integral even central component of his vocation for more than half his monastic life Thus the publication of the novitiate conferences will fill a significant lacuna in Merton studies and contribute to a balanced holistic comprehension and appreciation of Thomas Merton s life and work This edition includes an extensive introduction situating these conferences and Merton s years as novice master in the context of his broader life as monk and writer an extensively annotated edition of the text of the conferences based on Merton s own typescript and helpful appendices indicating changes Merton made to his text correlating the written text with taped versions of the actual classes and providing suggestions for further reading both in Merton s other works and in more recent studies of the figures he discusses here *The Spirituality of the Christian East* Tomáš Špidlík, 1986 This second volume on Eastern Christian spirituality amplifies in depth the final two chapters of the earlier *The Spirituality of the Christian East A Systematic Handbook* Like Cassian in writing his *Conferences* Cardinal Špidlík does not advocate any particular pattern of prayer but sets out faithfully to collect and share the teachings of generations of eastern monks and spiritual writers **Nāma Japa** Sister Vandana, 1984 Comparative study of the Hindu and Christian traditions *The Wisdom of the Desert with Nicholas Buxton* Revd Dr Nicholas Buxton, Wise Studies, 2020-02-10 Over four lectures Nicholas introduces us to the lives and sayings of the desert fathers with a particular focus on the fascinating writings of Evagrius of Pontus c 345-399 In doing so he makes the wisdom of the desert relevant to contemporary spiritual practice The course begins by looking at the origins of Christian monasticism during the third century CE when thousands of men and women renounced the world and withdrew to the deserts of Egypt Syria and Palestine to seek God in a life of

solitude and prayer What inspired them to do this What were they trying to achieve In seeking answers to these questions we will examine the lives and sayings of the so called desert fathers with a particular emphasis on the theological writings of Evagrius of Pontus c 345 399 Evagrius was described as being one skilled in the discernment of spirits In his ascetical treatises he elaborates a detailed programme for aspirants to the holy life comprising a foundation of stillness hesychia the cultivation of equanimity apatheia and ultimately unitive knowledge of the divine reality gnosis Particular attention will be given to his psycho spiritual taxonomy of the eight thoughts and the practice of contemplative prayer as expounded in texts such as the Foundations Praktikos Eight Thoughts and On Prayer Session One Monks of the Desert Historical origins of Christian monasticism the story of the temptation of Jesus in the wilderness St Antony the first monk fleeing the world to face the self life in the desert Pachomius and the beginnings of institutional monasticism Session Two The Ascetic Rationale The theology of Origen of Alexandria principles of monastic asceticism the importance of humility and purity of heart Evagrius of Pontus theologian of the desert stages on the path of spiritual progress the cultivation of apatheia equanimity Session Three The Eight Thoughts On the subject of demons the eight categories of obsessive thoughts gluttony lust avarice sadness anger acedia vanity and pride the practice of the discernment of thoughts Session Four On Prayer Types of prayer in the Christian tradition prayer in the Bible and the teachings of Jesus the nature of the mind the notion of pure prayer in Evagrius the legacy of the Desert Fathers kingdom of god is within you meaning apophthegmata patrum founder of western christian monasticism the wisdom of the desert thomas merton monastic Benedict monks definition meaning of the sayings of the holy fathers the apophthegmata sayings of the desert fathers quotes book merton *Purity of Heart in Early Ascetic and Monastic Literature* Harriet Luckman, Linda Kulzer, 1999 These essays honor the memory of Juana Raasch O S B 1927 1974 one of the first Benedictine women in America to consider the subject of early monasticism by returning to the texts and sources of the early ascetical movements A student of classical languages as well as monasticism she researched in particular the subject of purity of heart in early Christian texts Her work is a valuable resource for those interested in monastic movements or in patristic studies **John Climacus** John Chryssavgis, 2017-03-02 John Chryssavgis explores the ascetic teaching and theology of St John Climacus a classical and formative writer of the Christian medieval East and the author of the seventh century Ladder of Divine Ascent This text proved to be the most widely used handbook of the spiritual life in the Christian East partly because of its unique and striking symbol of the ladder that binds together the whole book It has caught the attention of numerous readers in East and West alike through the ages and is a veritable classic of medieval spirituality whose popularity in the East equals that of The Imitation of Christ in the West Chryssavgis follows the development and influence of earlier desert literature from Egypt through Palestine into Sinai and includes a discussion of the theology of tears the concept of unceasing prayer as well as the monastic principles of hesychia silence and eros love *Making Life a Prayer* John Cassian, 1997 The beliefs and teachings of John Cassian are revealed in Making Life a Prayer The book has 14

Tools Matter for Practicing the Spiritual Life

Mary Margaret Funk, 2004-08-31 Funk turns to the wisdom of the desert fathers for the means of removing obstacles to spiritual growth which include thoughts of food sex possessions anger dejection and pride among other preoccupations Redirecting thought away from such weeds in the garden of the spirit can lead to a greater awareness of God This somewhat Zen like method to mental discipline may seem impossible at first Funk admits but those who succeed at it are rewarded with a liberating experience as they come to observe and control individual thought processes Drawing on the writings of the fifth century monk John Cassian Funk goes on to explore deeply using such tools as memory imagination and rational thinking tools right out of early Christianity to work on inner healing She also explains how other positive tools such as ceaseless prayer manual labor and isolation may lead to uncluttering the mind and purifying the heart

Cassian's Prayer for the 21st Century John J. Levko, 2000

Though Saint John Cassian lived and wrote centuries ago c 360 435 his spiritual writings continue to be important to contemporary church life and personal spirituality The rich religious traditions of Eastern Christianity influenced the course and development of monasticism in the West Today all Christians can through Saint Cassian's focus on prayer reach a higher state

The Conferences of John Cassian John Cassian, Aeterna Press, THE obligation which was promised to the blessed Pope Castor in the preface to those volumes which with God's help I composed in twelve books on the Institutes of the Coenobia and the remedies for the eight principal faults has now been as far as my feeble ability permitted satisfied I should certainly like to see what was the opinion fairly arrived at on this work both by his judgment and yours whether on a matter so profound and so lofty and one which has never yet been made the subject of a treatise we have produced anything worthy of your notice and of the eager desire of all the holy brethren But now as the aforesaid Bishop has left us and departed to Christ meanwhile these ten Conferences of the grandest of the Fathers viz the Anchorites who dwelt in the desert of Scete which he fired with an incomparable desire for saintliness had bidden me write for him in the same style not considering in the greatness of his affection what a burden he placed on shoulders too weak to bear it these Conferences I have thought good to dedicate to you in particular O blessed Pope Leontius and holy brother Helladius Aeterna Press
