roots and plants rather than pills and explanations which over the years have included witchcraft shell shock masturbation feminism and the Oedipal complex McLaren also explores the surprising political and social effects of impotence from the revolutionary unrest fueled by Louis XVI's failure to consummate his marriage to the boost given the fledgling American republic by George Washington's failure to found a dynasty Each age McLaren shows turns impotence to its own purposes using it to help define what is normal and healthy for men their relationships and society From marriage manuals to metrosexuals from Renaissance Italy to Hollywood movies Impotence is a serious but highly entertaining examination of a problem that humanity has simultaneously regarded as life's greatest tragedy and its greatest joke
