

THE WHODUNIT GAME

How to play

Cut and laminate the cards. Page 4 can be printed on the cards' backs.

Before playing, you must secretly choose the murderer. The grid below can help you to give your students some clues based on the information on the cards. Write them on the board. (If you want to make sure that the murderer knows that he is the one everyone is looking for, you can give them a secret sign, put a (removable) sticker on the card etc.)

Give each student a card. They might need some time to familiarize themselves with their roles and maybe ask about unknown words.

Then they can walk around in the classroom and ask each other questions about their pets, hobbies, special features or what they did during the party. If they ask intelligent questions, they soon will find out who the murderer is. Tell them not to give the secret away if they know the killer.

After a specified time, they can write the name of the killer on a piece of paper and get their professional fee (gummy bears, chocolates, homework vouchers...) for completing the case successfully.
