Oracle Subledger Accounting Implementation Guide:

A Practical Guide to Implement Oracle E-Business Suite Anant Porwal, 2016-09-26 Planning, executing and controlling the implementation process for Oracle E Business Suite is no easy task but done right can do wonders for your business. Anant Porwal, a certified master in Oracle Financials with twenty years of experience helping businesses implement the suite of applications, provides a comprehensive blueprint to get the most value out of the product with this implementation guide. The first section highlights high-level features of core Oracle E Business Suite applications, including various technology pieces. It also explains how the applications allow for flexibility in accounting and in processing transactions. The second section explores how to implement the suite of applications from identifying the goals you want to achieve, selecting and building an implementation team, designing an implementation process, documenting and tracking progress, and taking the necessary steps to ensure implementation is a success. A Practical Guide to Implement Oracle E Business Suite is a must-read for all members of companies planning Oracle implementation, including stakeholders, project managers, team members, and consultants alike. It provides insight into the intricacies and efforts for implementing very complex packages: Oracle E Business Suite.

Implementing Oracle Fusion General Ledger and Oracle Fusion Accounting Hub Anil Passi, Vladimir Ajvaz, Nivas Ramanathan, 2016-05-27 This Oracle Press guide shows how to implement key modules of Oracle Fusion Financials: General Ledger and Financials Accounting Hub, covering both the functional and technical aspects of this complete financial management solution. Implementing Oracle Fusion Applications: General Ledger Financials Accounting Hub covers the core Oracle Financials products and components. All Oracle Financials products use Financials Accounting Hub under the hood, and this topic is featured in detail. The author team uses a sample deployment to illustrate the best practices and common pain points an internal staff or outside consultant would experience. They show multiple ways of leveraging this complex suite of products within the heterogeneous data environment of real-world companies. The team explains and demonstrates the key concepts at the right level to reach the broadest audience. Complete coverage of Oracle Fusion General Ledger and Accounting Hub fills the gap in Oracle documentation for this product. Explains how Oracle Fusion implementation will meet the needs and expectations of technical decision makers and senior management. Authors have years of practical experience with custom development on Oracle Fusion technology and teaching those skills to others.
