Community Organizing and Community Building for Health and Social Equity, 4th edition Meredith Minkler, Patricia Wakimoto, 2021-12-10 The fourth edition of Community Organizing and Community Building for Health and Social Equity provides both classic and recent contributions to the field with a special accent on how these approaches can contribute to health and social equity The 23 chapters offer conceptual frameworks skill building and case studies in areas like coalition building organizing by and with women of color community assessment and the power of the arts the Internet social media and policy and media advocacy in such work The use of participatory evaluation and strategies and tips on fundraising for community organizing also are presented as are the ethical challenges that can arise in this work and helpful tools for anticipating and addressing them Also included are study questions for use in the classroom Many of the book's contributors are leaders in their academic fields from public health and social work to community psychology and urban and regional planning and to social and political science One author was the 44th president of the United States himself a former community organizer in Chicago who reflects on his earlier vocation and its importance Other contributors are inspiring community leaders whose work on the ground and in partnership with us outsiders highlights both the power of collaboration and the cultural humility and other skills required to do it well Throughout this book and particularly in the case studies and examples shared the role of context is critical and never far from view Included here most recently are the horrific and continuing toll of the COVID 19

pandemic and a long overdue yet still greatly circumscribed national reckoning with systemic racism in the aftermath of the brutal police killing of yet another unarmed Black person and then another and another seemingly without end In many chapters the authors highlight different facets of the Black Lives Matter movement that took on new life across the country and the world in response to these atrocities In other chapters the existential threat of climate change and grave threats to democracy also are underscored View the Table of Contents and introductory text for the supplementary instructor resources https://d3tto5i5w9ogdd.cloudfront.net/wp-content/uploads/2022/02/04143046_9781978832176_optimized_sampler.pdf Supplementary instructor resources are available on request <https://www.rutgersuniversitypress.org/communityorganizing>

The Handbook of Community Practice Marie Weil, Michael S. Reisch, Mary L. Ohmer, 2013 Written by some of the most influential scholars in the field this Handbook covers community development organizing planning and social change as well as key issues fields of practice and global approaches

International Community Organising Dave Beck, Rod Purcell, 2013-05-29 As the Arab Spring continues to work through changes the Occupy Movement is agitating for change and many are looking for alternatives in the face of global financial and political challenges community organising offers a realistic way forward for many communities a tried and tested way of improving people's lives This book is the first to explore the diverse history of community organising telling stories of how it developed its successes and failures and the lessons that can be applied today It analyses contemporary examples of practice from the USA UK India South Africa Cambodia and Australia against both wider theoretical frameworks and their ability to contribute to sustainable social change It will be useful for a wide range of practitioners students and researchers engaged in the struggle to develop new ways of doing community

From Child Welfare to Child Well-Being Sheila Kamerman, Shelley Phipps, Asher Ben-Arieh, 2009-10-23 This chapter provides a brief overview of the book highlighting the modest progress from child welfare to child well-being reflected in these chapters and the parallel movement in Kahn's career and research as his scholarship developed over the years It then moves to explore the relationship between two overarching themes child and family policy stressing a universal approach to children and social protection stressing a more targeted approach to disadvantaged and vulnerable individuals including children and the complementarity of these strategies Introduction To a large extent Alfred J Kahn was at the forefront of the developments in the field of child welfare services protective services foster care adoption and family preservation and support Overtime his scholarship moved to a focus on the broader policy domain of child and family policy and the outcomes for child well-being His work as is true for this volume progressed from a focus on poor disadvantaged and vulnerable children to a focus on all children He was convinced that children by definition are a vulnerable population group and that targeting all children employing a universal policy as a strategy would do more for poor children than a narrowly focused policy targeted on poor children alone As we first argued more than three decades ago Not for the Poor Alone Universalism and Income Testing in Family Policy one could target the most disadvantaged within a universal framework and

this would lead to more successful results than targeting only the poor *An Educator's Guide for Changing the World* Ann Curry-Stevens, 2003 *Organizational Communication Theory and Research* Vernon D. Miller, Marshall Scott Poole, 2024-07-01 The Handbook of Organizational Communication Theory and Research offers concise but thorough reviews of important research on traditional and emerging areas in organizational communication Section One Theory and Methods provides an overview of the field's history prominent theories and methodologies Section Two Processes focuses on primal processes such as leadership organizational entry conflict power and inclusion Section Three Contexts focuses on the settings where organizational communication occurs including teams and workgroups networks and organizational structure Section Four Technology considers the development and introduction of new media and intelligent technologies into organizations The final section Emerging Areas addresses communication issues associated with changing environmental social and political upheavals including wellness corporate social responsibility and crisis response The Handbook of Organizational Communication Theory and Research covers topics of pressing interest to current scholars and practitioners many of which have not been addressed in previous handbooks **Social Work Practice with Groups, Communities, and Organizations** Charles A. Glisson, Catherine N. Dulmus, Karen M. Sowers, 2012-08-14 A solid theory to practice guide to contemporary mezzo and macro social work Written by a renowned team of scholars Social Work Practice with Groups Communities and Organizations focuses on the contemporary theory and practice of social work Each chapter delves deeply into the key theoretical considerations surrounding a particular practice area exploring the clinical implications of each Spanning the full range of both mezzo and macro practice areas the authors thoroughly look at the assessment of and interventions with group community organizational and institutional settings The most authoritative book in this field Social Work Practice with Groups Communities and Organizations features A focus on evidence based approaches to assessment and intervention for each practice area discussed Comprehensive coverage of the most important new and emerging practice technologies in mezzo and macro social work Current and emerging demographic social political and economic trends affecting mezzo and macro practice An array of pedagogical aids including Key Terms Review Questions for Critical Thinking and Online Resources Content closely aligned with social work accreditation standards EPAS Providing a solid review of the entire scope of contemporary mezzo and macro social work practice Social Work Practice with Groups Communities and Organizations is both an indispensable educational text for students and a valuable working resource for practitioners who work with groups communities and organizations of all sizes **Seeds of Change : the Story of ACORN, America's Most Controversial Antipoverty Community Organizing Group** John Atlas, 2010 Seeds of Change is the definitive book on one of the most effective grassroots organizations of low income Americans Robert Kuttner
