Hall, 2019-01-01 This beautifully illustrated volume explores the history of color across five centuries of European painting unfolding layers of artistic cultural and political meaning through a deep understanding of technique [A World Without Color \(Journey Series Book 2\)](#) Cassandra Blizzard, 2014-12-06 Can One Book Change The World Possibly One of the most often posed questions I receive from clients and readers is Why is there so much evil in the world Why is there so much violence and hate The answer is simple Because we ve forgotten who we are and why we are here on this planet That answer may sound like the preface to some airy fairy metaphysical book but it s not Understanding who we are is essential to living a balanced life I am talking of course about the human soul Whether or not you choose to believe in a human soul this book

offers insight into the same question Why is there so much violence in the world What I will share in this book is one of the deepest most basic and yet most important principles that I learned during my Seven Years of Surrender It was the beginning so to speak The beginning of understanding And the principles in this book should be the foundation from which we all seek to understand ourselves and others If you have read my book Seven Years of Surrender then you know that I had an endless amount of time to do nothing but meditate and ponder the mysteries of life I m not suggesting that I have all the answers Life is a continuous state of evolution an unfoldment of wisdom and understanding We all evolve through life I am not perfect I am not infallible But my tragedy was not for nothing I was willing to plunge into the depths of life and come out with a better understanding of myself and the world around me I hope you will follow me through my book series and learn along with me as we grow together A World Without Color is a thought provoking book that is designed to cause a shift in consciousness It transcends race religion and borders with its world changing views It gets to the root of the issues that separate the people of the world and what separates us from true peace and happiness within ourselves
