Dumitru,2020-12-06 There are lots of books published every year with all kinds of theories but not so many expressing the
concept of abstract love I would define this a reflection of our thoughts into the real life We call it abstract cause have
nothing to do with the normal dogmatic way of seeing the love stories Real love that perfect scenario with the perfect partner
can be seen at any age depending of the luck our karma allows us to have But we want it so much that the Universe allows us
this meeting with only one obstacle which in many cases makes the love story imposible Thinking in a positive way we
redefine the imposible story as an abstract one Being a reflection of our dreams the story itself is a perfect one except the
fact that you cannot enjoy the story into the real word creating the image of an illusion Imposible love stories are present all
over the world After posting a long time in social media i received messages from people from all the continents telling me
about them The word love being present near the word imposible creates this strange illusory and abstract way of seeing the
magic of love The book is a collection of essays my thoughts about the interconnection between the illusion and reality I used
a lot the term illusion cause we all look for perfect scenarios especially when it comes to love but the truth is that perfection
is far far away of reality We can interconnect illusions with the real world just through imposible love stories In the end the
book is a personal development writing that allows us to understand the magic of love but also a method that teaches how to
enjoy life even if we dislike the word imposible *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright
