Organizations At War In Afghanistan And Beyond:

Organizations at War in Afghanistan and Beyond Abdulkader H. Sinno, 2011-03-15 After we had exchanged the requisite formalities over tea in his camp on the southern edge of Kabul's outer defense perimeter the Afghan field commander told me that two of his bravest mujahideen were martyred because he did not have a pickup truck to take them to a Peshawar hospital They had succumbed to their battle wounds He asked me to tell his party's bureaucrats across the border that he needed such a vehicle desperately I double checked with my interpreter that he was indeed making this request I wasn't puzzled because the request appeared unreasonable but because he was asking me a twenty year old employee of a humanitarian organization to intercede on his behalf with his own organization's bureaucracy I understood on this dry summer day in Khurd Kabul that not all militant and political organizations are alike from *Organizations at War in Afghanistan and Beyond* While popular accounts of warfare particularly of nontraditional conflicts such as guerrilla wars and insurgencies favor the roles of leaders or ideology social scientific analyses of these wars focus on aggregate categories such as ethnic groups religious affiliations socioeconomic classes or civilizations Challenging these constructions Abdulkader H Sinno closely examines the fortunes of the various factions in Afghanistan including the mujahideen and the Taliban that have been fighting each other and foreign armies since the 1979 Soviet invasion Focusing on the organization of the combatants Sinno offers a new understanding of the course and outcome of such conflicts Employing a wide range of sources including his own fieldwork in Afghanistan and statistical data on conflicts across the region Sinno contends that in Afghanistan the groups that have outperformed and outlasted their opponents have done so because of their successful organization Each organization's ability to mobilize effectively execute strategy coordinate efforts manage disunity and process information depends on how well its structure matches its ability to keep its rivals at bay Centralized organizations Sinno finds are generally more effective than noncentralized ones but noncentralized ones are more resilient absent a safe haven Sinno's organizational theory explains otherwise puzzling behavior found in group conflicts the longevity of unpopular regimes the demise of popular movements and efforts of those who share a common cause to undermine their ideological or ethnic kin The author argues that the organizational theory applies not only to Afghanistan where he doubts the effectiveness of American state building efforts but also to other ethnic revolutionary independence and secessionist conflicts in North Africa the Middle East and beyond

Organizations at War in Afghanistan and Beyond Abdulkader H. Sinno, 2008 While popular accounts of warfare particularly of nontraditional conflicts such as guerrilla wars and insurgencies favor the roles of leaders or ideology social scientific analyses of these wars focus on aggregate categories such as ethnic groups religious affiliations socioeconomic classes or civilizations Challenging these constructions Abdulkader H Sinno closely examines the fortunes of the various factions in Afghanistan including the mujahideen and the Taliban that have been fighting each other and foreign armies since the 1979 Soviet invasion Focusing on the organization of the combatants Sinno offers a new

understanding of the course and outcome of such conflicts Employing a wide range of sources including his own fieldwork in Afghanistan and statistical data on conflicts across the region Sinno contends that in Afghanistan the groups that have outperformed and outlasted their opponents have done so because of their successful organization Each organization's ability to mobilize effectively execute strategy coordinate efforts manage disunity and process information depends on how well its structure matches its ability to keep its rivals at bay Centralized organizations Sinno finds are generally more effective than noncentralized ones but noncentralized ones are more resilient absent a safe haven Sinno's organizational theory explains otherwise puzzling behavior found in group conflicts the longevity of unpopular regimes the demise of popular movements and efforts of those who share a common cause to undermine their ideological or ethnic kin The author argues that the organizational theory applies not only to Afghanistan where he doubts the effectiveness of American state building efforts but also to other ethnic revolutionary independence and secessionist conflicts in North Africa the Middle East and beyond

Organizations At War In Afghanistan And Beyond Sinno, Resilience Beyond Rebellion Sherry Zaks, 2025-08-15 Resilience beyond Rebellion addresses a critical question in insurgency studies Why some rebel groups successfully become political parties while others die trying Only half of rebel groups with political aspirations manage to reinvent themselves as lasting political parties Sherry Zaks argues that the key to successful rebel to party transformations lies in the organizational structures and institutions that rebels build during wartime These proto party structures which involve governance political messaging social outreach and other noncombat tasks equip rebel groups with the personnel skills and routines needed to succeed in the electoral arena Zaks draws on insights from organizational sociology to reconceptualize how rebel groups operate Through examining the Farabundo Mart National Liberation Front in El Salvador and other cases they demonstrate that rebel groups with established proto party structures often form the core of post conflict parties and attract more votes Innovative in approach and rich in evidence Resilience beyond Rebellion advances our understanding of rebel group dynamics both during and after conflict by showing that party building begins not with the last bullet fired but with the very first **Joint Force Quarterly**, 2009 **Waging War in Waziristan** Andrew M. Roe, 2010 A career soldier with on the ground experience presents a gripping history of the imperial British experience in Waziristan a remote area of Pakistan Distills the hard earned British experience and offers some potentially useful lessons for the West and its current troubles in the same region once described as the epicenter of terrorism and reputedly the hiding place of Osama bin Laden

Networks of Rebellion Paul Staniland, 2014-04-18 Insurgent cohesion is central to explaining patterns of violence the effectiveness of counterinsurgency and civil war outcomes Cohesive insurgent groups produce more effective war fighting forces and are more credible negotiators organizational cohesion shapes both the duration of wars and their ultimate resolution In Networks of Rebellion Paul Staniland explains why insurgent leaders differ so radically in their ability to build strong organizations and why the cohesion of armed groups changes over time during conflicts He outlines a new way of

thinking about the sources and structure of insurgent groups distinguishing among integrated vanguard parochial and fragmented groups Staniland compares insurgent groups their differing social bases and how the nature of the coalitions and networks within which these armed groups were built has determined their discipline and internal control He examines insurgent groups in Afghanistan 1975 to the present day Kashmir 1988 2003 Sri Lanka from the 1970s to the defeat of the Tamil Tigers in 2009 and several communist uprisings in Southeast Asia during the Cold War The initial organization of an insurgent group depends on the position of its leaders in prewar political networks These social bases shape what leaders can and cannot do when they build a new insurgent group Counterinsurgency insurgent strategy and international intervention can cause organizational change During war insurgent groups are embedded in social ties that determine they how they organize fight and negotiate as these ties shift organizational structure changes as well Beyond Sunni and Shia Frederic Wehrey, 2018-02-01 This collection seeks to advance our understanding of intra Islamic identity conflict during a period of upheaval in the Middle East Instead of treating distinctions between and within Sunni and Shia Islam as primordial and immutable it examines how political economy geopolitics domestic governance social media non and sub state groups and clerical elites have affected the transformation and diffusion of sectarian identities Particular attention is paid to how conflicts over distribution of political and economic power have taken on a sectarian quality and how a variety of actors have instrumentalized sectarianism The volume covering Syria Iraq Lebanon Saudi Arabia and the Gulf Iran and Egypt includes contributors from a broad array of disciplines including political science history sociology and Islamic studies Beyond Sunni and Shia draws on extensive fieldwork and primary sources to offer insights that are empirically rich and theoretically grounded but also accessible for policy audiences and the informed public **Beyond the Voting Rights Act** Gregory T. Moore, 2022-09-06 Beyond the Voting Rights Act movingly recounts over 30 years of contemporary voting rights battles in the United States from the 1980s to the present day The book places in context the modern day battles against voter suppression laws that were embedded in American history and are still underway across the country It tells a story of that struggle from the author's perspective beginning as a young African American from Cleveland in the 1980s who reluctantly became involved within this movement as a student activist and inadvertently rose to become an integral part of the ultimate legislative victory Beyond Regionalism? Matteo Legrenzi, 2016-04-15 Regional cooperation regionalism and regionalization in the Middle East are usually considered to be weak and rather ceremonial However since September 11 2001 a new regional order is emerging and the impact of geostrategic changes in the international environment has yet to be satisfactorily studied With older regional organizations suffering from weaknesses new forms appear to be developing and flourishing due either to European support or growing sub regional identities This volume offers refined theoretical models and approaches which are attuned to the new dynamics and contradictions of a wide range of regionalist projects in the contemporary Middle East Case studies of the most important regional organizations in different policy fields offer

comprehensive overviews of the main actors institutions historical development and current issues *The War in Afghanistan* Arthur Gillard,2013-01-14 Editor Arthur Gillard has compiled fascinating stirring essays and articles that explain how the War in Afghanistan impacts the American way of life Readers will explore the issues surrounding the Afghan War from 2001 to present Both conservative and liberal points of view create an even balance on issues including whether the U S should continue fighting whether the counterinsurgency strategy is effective and whether the war is helping with the rights of Afghan women Readers will also evaluate whether the U S should accept and learn to work with corruption in Afghanistan Personal narratives will make your readers feel for the plight of each essayist including a teenage son who talks about his father s military service Beyond 2%—NATO Partners, Institutions & Burden Management Anessa L. Kimball,2023-01-03 This book advances North Atlantic Treaty Organization henceforth NATO burden analysis through a decomposition of the political financial social and defense burdens members take on for the institution The overemphasis of committing a minimum of 2% of member state Gross Domestic Product GDP to defense spending as a proxy indicator of alliance commitment does not properly reflect how commitments reduce risks should Article V be invoked through attack i e 2% is a political new data permit testing the argument Kavanaugh 2014 This book contributes conceptual innovation and theoretical analysis to advance student researcher and policymaker understanding of burden management strategic bargaining and defense cooperation The contribution is a generalizable risk management model of IO burden sharing using NATO as the case for scientific study due to its prominence **The Legal, Moral, and National Security Consequences of "prolonged Detention"** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution (2007-),2010 **Beyond Mothers, Monsters, Whores** Caron E. Gentry,Laura Sjoberg,2015-08-15 *Beyond Mothers Monsters Whores* takes the suggestion in *Mothers Monsters Whores* that it is important to see genderings in characterizations of violent women and to use critique of those genderings to retheorize individual violence in global politics It begins by demonstrating the interdependence of the personal and international levels of global politics in violent women s lives but then shows that this interdependence is inaccurately depicted in gender subordinating narratives of women s violence Such narratives the authors argue are not only normatively problematic on the surface but also intersect with other identifiers such as race religion and geopolitical location **Beyond Rigidity** Mu Ren,2021-01-23 This book investigates China s foreign policy concerning the principle of non intervention in domestic affairs of other states in the post Cold War period The principle of non intervention has traditionally been central to Chinese foreign policy but as China s economy has boomed international attention to her foreign policy has been increasingly hostile Accordingly an exploration of China s non intervention policy is worthwhile to understand China s foreign policy and its international behavior This book will be of interest to China watchers scholars of geopolitics and Asian historians From Lexington to Baghdad and Beyond Donald M. Snow,2015-05-18 Decisions about when where and why to commit the United States to the use of force and how to

conduct warfare and ultimately end it are hotly debated not only contemporaneously but also for decades afterward We are engaged in such a debate today quite often without a solid grounding in the country's experience of war both political and military This book by a political scientist and a career military officer and historian is premised on the view that we cannot afford that kind of innocence Updated and revised with new chapters on the Afghan and Iraq wars the book systematically examines twelve U S wars from the revolution to the present day For each conflict the authors review underlying issues and events political objectives military objectives and strategy political considerations military technology and technique military conduct and the better state of the peace that is the ultimate disposition of the original political goals

International History of the Twentieth Century and Beyond Antony Best, Jussi M. Hanhimäki, Joseph A. Maiolo, Kirsten E.

Schulze, 2014-12-17 This hugely successful global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors have produced an authoritative yet accessible and seamless account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas They focus on the history of relations between states and on the broad ideological economic and cultural forces that have influenced the evolution of international politics over the past one hundred years The third edition is thoroughly updated throughout to take account of the most recent research and global developments and includes a new chapter on the international history of human rights and its advocacy organizations including NGOs Additional new features include New material on the Arab Spring including specific focus on Libya and Syria Increased debate on the question of US decline and the rise of China A timeline to give increased context to those studying the topic for the first time A fully revised companion website including links to further resources and self testing material can be found at www.routledge.com/cw/best Antony Best is Associate Professor in International History at the London School of Economics Jussi M Hanhimäki is Professor of International History and Politics at the Graduate Institute of International Studies Geneva Joseph A Maiolo is Professor of International History at the Department of War Studies Kings College London Kirsten E Schulze is Associate Professor in International History at the London School of Economics

[International Socialist Review](#), 2008 **Jihad Beyond Islam** Gabriele Marranci, 2020-05-28 Jihad is a highly charged word Often mistranslated as Holy War it has become synonymous with terrorism Current political events have entirely failed to take account of the subtlety and complexity of jihad Like many concepts with a long history different cultural ideas have influenced the religious aspects of jihad As a result its original meaning has been adapted modified and destabilized never more than at the present time How does jihad manifest itself in Muslims everyday lives What impact has 9 11 and its backlash had on jihad By observing the current crisis of identity among ordinary Muslims this timely book explores why and in what circumstances Muslims speak of jihad In the end jihad is what Muslims say it is Marranci offers us a nuanced and sophisticated anthropological understanding of Muslims lives far beyond the predictable clichés A PDF version of this book is

available for free in open access via the OAPEN Library platform www.oapen.org **Rethinking Islamism beyond jihadi violence** Elisa Orofino, 2023-05-23 For several years now Islamism has been associated with jihadism and violent extremism both in academia and in contemporary political debates However this association can be misleading Islamism has much deeper roots than jihadi terrorism and it stands as a powerful and complex ideology inspiring thoughts actions and groups all over the world Emerging as a protest for justice ideology claiming freedom against Western colonisation of the Muslim world Islamism has triggered both individuals and groups worldwide since the early 1900s Almost as a sacred ideology based on the need to revive Islam as the only saving grace for Muslims around the world Islamism started to be widely associated with jihadism after 9 11 Before then Islamism was not automatically related to terrorism but to resistance Given that terrorists are only a small and definite portion of Islamists this volume aims to re focus research on Islamism beyond jihadism by collecting relevant contributions on Islamist but non violent organisations More precisely this volume innovatively contributes to current academic debates by exploring the origins of Islamism and the differences between jihadism the evolution of Islamism over time and places and the role played by the most influential non jihadist Islamist organisations active today as powerful non state actors

Eventually, you will definitely discover a new experience and exploit by spending more cash. nevertheless when? accomplish you put up with that you require to get those all needs in the same way as having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to comprehend even more roughly speaking the globe, experience, some places, gone history, amusement, and a lot more?

It is your entirely own era to perform reviewing habit. among guides you could enjoy now is **Organizations At War In Afghanistan And Beyond** below.

Organizations At War In Afghanistan And Beyond Introduction

In today's digital age, the availability of Organizations At War In Afghanistan And Beyond books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Organizations At War In Afghanistan And Beyond books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Organizations At War In Afghanistan And Beyond books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Organizations At War In Afghanistan And Beyond versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Organizations At War In Afghanistan And Beyond books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Organizations At War In Afghanistan And Beyond books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Organizations At War In Afghanistan And Beyond books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Organizations At War In Afghanistan And Beyond books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Organizations At War In Afghanistan And Beyond books and manuals for download and embark on your journey of knowledge?

FAQs About Organizations At War In Afghanistan And Beyond Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Organizations At War In Afghanistan And Beyond is one of the best book in our library for free trial. We provide copy of Organizations At War In Afghanistan And Beyond in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Organizations At War In Afghanistan And Beyond. Where to download Organizations At War In Afghanistan And Beyond online for free? Are you looking for Organizations At War In Afghanistan And Beyond PDF? This is definitely going to save you time and cash in something you should think about.
