Neutrosophic Sets and Systems, vol. 65/2024 Florentin Smarandache, Mohamed Abdel-Basset, Said Broumi, 2024-03-15 Neutrosophic Sets and Systems has been created for publications on advanced studies in neutrosophy neutrosophic set neutrosophic logic neutrosophic probability neutrosophic statistics that started in 1995 and their applications in any field such as the neutrosophic structures developed in algebra geometry topology etc Neutrosophic Set and Neutrosophic Logic are generalizations of the fuzzy set and respectively fuzzy logic especially of intuitionistic fuzzy set and respectively intuitionistic fuzzy logic In neutrosophic logic a proposition has a degree of truth T a degree of indeterminacy I and a degree of falsity F where T, I, F are standard or non standard subsets of $[0, 1]$ *A Gorgon's Mask* Lewis A. Lawson, 2005 The thesis of A Gorgon's mask The Mother in Thomas Mann's Fiction depends upon three psychoanalytic

concepts Freud's early work on the relationship between the infant and its mother and on the psychology of artistic creation Annie Reich's analysis of the grotesque comic sublimation and Edmund Bergler's analysis of writer's block Mann's crisis of sexual anxiety in late adolescence is presented as the defining moment for his entire artistic life In the throes of that crisis he included a sketch of a female as Gorgon in a book that would not escape his mother's notice But to defend himself from being overcome by the Gorgon mother's stare he employed the grotesque comic sublimation hiding the mother figure behind fictional characters physically attractive but psychologically repellent all the while couching his fiction in an ironic tone that evoked humor however lacking in humor the subtext might be In this manner he could deny to himself that the mother figure always lurked in his work and by that denial deny that he was a victim of oral regression For as Edmund Bergler argues the creative writer who acknowledges his oral dependency will inevitably succumb to writer's block Mann's late work reveals that his defense against the Gorgon is crumbling In Doctor Faustus Mann portrays Adrian Leverkühn as ultimately the victim of oral regression but the fact that Mann was able to compete the novel despite severe physical illness and psychological distress demonstrates that he himself was still holding writer's block at bay In Confessions of Felix Krull Confidence Man a narrative that he had abandoned forty years before Mann was finally forced to acknowledge that he was depleted of creative vitality but not of his capacity for irony brilliantly couching the victorious return of the repressed in ambiguity This study will be of interest to general readers who enjoy Mann's narrative art to students of Mann's work especially its psychological and mythological aspects and to students of the psychology of artistic creativity

Lean Logic David Fleming, 2016 Lean

Logic is David Fleming's masterpiece the product of more than thirty years work and a testament to the creative brilliance of one of Britain's most important intellectuals A dictionary unlike any other it leads readers through Fleming's stimulating exploration of fields as diverse as culture history science art logic ethics myth economics and anthropology being made up of four hundred and four engaging essay entries covering topics such as Boredom Community Debt Growth Harmless Lunatics Land Lean Thinking Nanotechnology Play Religion Spirit Trust and Utopia The threads running through every entry are Fleming's deft and original analysis of how our present market based economy is destroying the very foundations ecological economic and cultural on which it depends and his core focus a compelling grounded vision for a cohesive society that might weather the consequences A society that provides a satisfying culturally rich context for lives well lived in an economy not reliant on the impossible promise of eternal economic growth A society worth living in Worth fighting for Worth contributing to The beauty of the dictionary format is that it allows Fleming to draw connections without detracting from his in depth exploration of each topic Each entry carries intriguing links to other entries inviting the enchanted reader to break free of the imposed order of a conventional book starting where she will and following the links in the order of her choosing In combination with Fleming's refreshing writing style and good natured humor it also creates a book perfectly suited to dipping in and out The decades Fleming spent honing his life's work are evident in the lightness and mastery with which Lean Logic draws on an incredible wealth of cultural and historical learning from Whitman to Whitefield Dickens to Daly Kropotkin to Kafka Keats to Kuhn Oakeshott to Ostrom Jung to Jensen Machiavelli to Mumford Mauss to Mandelbrot Leopold to Lakatos Polanyi to Putnam Nietzsche to Nass Keynes to Kumar Scruton to Shiva Thoreau to Toynbee Rabelais to Rogers Shakespeare to Schumacher Locke to Lovelock Homer to Homer Dixon in demonstrating that many of the principles it commends have a track record of success long pre dating our current society Fleming acknowledges with honesty the challenges ahead but rather than inducing despair Lean Logic is rare in its ability to inspire optimism in the creativity and intelligence of humans to nurse our ecology back to health to rediscover the importance of place and play of reciprocity and resilience and of community and culture Recognizing that Lean Logic's sheer size and unusual structure could be daunting Fleming's long time collaborator Shaun Chamberlin has also selected and edited one of the potential pathways through the dictionary to create a second stand alone volume *Surviving the Future Culture Carnival and Capital in the Aftermath of the Market Economy* The content rare insights and uniquely enjoyable writing style remain Fleming's but presented at a more accessible paperback length and in conventional read it front to back format

Colonial Australian Women Poets Katie Hansord, 2021-01-08 My book traces the significant poetic and political contributions made by non canonical women poets situating women's poetry both in colonial Australian print culture and in wider imperial and transnational contexts Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and politics beyond and around emergent masculine nationalism particularly within newspapers and periodical print culture Without the inclusion of periodical literature women's poetry in Australia during the colonial period would appear to have been fairly limited When periodical literature is taken into account this picture is radically altered and poets emerge as consistent contributors often across a variety of newspapers and journals who were well known influential and connected with political figures and literary circles In examining this poetry in the original context of the newspapers and journals the political intervention and the reception of that poetry is made much more apparent
