 discussion Gilson provides a brief history of the issues beginning with the sexual revolution of the 1960s He explains how and  
 why cultural attitudes have reversed on this subject in such a short timespan leaving Christians scrambling for answers This  
 is perhaps the most complicated and contentious issue Christians face in today s culture Most churches are poorly equipped  
 to handle it parents are even less prepared The good news is that parents need not have pat answers ready before they dive  
 into conversations with their teens and preteens on this difficult topic Learning together parents struggling through these  
 issues alongside their kids and leading them to biblical answers has relational benefits Answers are important though so  
 manageable nontechnical answers to common questions surrounding this issue are provided as well as a guide to further
