Robert Jefferson Norrell Book:

Reclaiming the Great World House Lewis V. Baldwin, Vicki L. Crawford, 2019 *Reclaiming the Great World House in the 21st Century Cross Disciplinary Explorations of the Vision of Martin Luther King Jr* does just that Established and emerging scholars explore Martin Luther King Jr's global vision and his lasting relevance to a globalized rights culture The editors further explain that this edited collection looks at King afresh in his own historical context while also refocusing his legacy of ideas and social praxis in broader directions for today and tomorrow Employing King's metaphor of the great world house with major attention to racism poverty and war or what he called the evil triumvirate the focus is on King's appraisal of and approach to the global human struggle in the 1950s and 60s and on the extent to which his social witness and praxis takes on new hues and pertinence not only in the ongoing struggles against racism poverty and economic injustice and violence and human destruction but also in the mounting efforts to eliminate problems such as sexism homophobia and religious bigotry and intolerance from the global landscape The conclusion is that King's ideas and models of social protest are not only alive but also growing in vitality and popularity in the 21st century especially as humans worldwide are struggling daily with the lingering antiquated thinking and behavior around race and ethnicity the widening gap between the haves and the have nots the mounting cycles of violence torture and terrorism and the frustrating and growing chasms resulting from religious pluralism and the subordination and marginalization of certain sectors of the human family based on gender and sexuality

Speaking for Others Wendy Salkin, 2024 From Booker T Washington to a neighbor who speaks up at a city council meeting many of the people who represent us were never elected Wendy Salkin provides the first systematic analysis of the ubiquitous phenomenon of informal political representation a practice of immense political value that raises serious ethical concerns

Happy Days Benjamin L. Alpers, 2024-01-12 After the techno futurism of the 1950s and the utopian 1960s vision of a great society the 1970s saw Americans turning to the past as a source for both nostalgic escapism and serious reflection on the nation's history While some popular works like *Grease* presented the relatively recent past as a more innocent time far away from the nation's post Vietnam post Watergate malaise others like *Roots* used America's bicentennial as an occasion for deep soul searching *Happy Days* investigates how 1970s popular culture was obsessed with America's past but often offered radically different interpretations of the same historical events and icons Even the figure of the greaser once an icon of juvenile delinquency was made family friendly by Henry Winkler's Fonzie at the same time that he was being appropriated in more threatening ways by punk and gay subcultures The cultural historian Benjamin Alpers discovers similar levels of ambivalence toward the past in 1970s neo noir films representations of America's founding and neo slave narratives by Alex Haley and Octavia Butler By exploring how Americans used the 1970s to construct divergent representations of their shared history he identifies it as a pivotal moment in the nation's ideological fracturing

Humanities National Endowment for the Humanities, 1987 Includes appendices *Celluloid Chains* Rudyard Alcocer, Kristen Block, Dawn Duke, 2024-01-12 Featuring a variety of disciplinary perspectives and analytical approaches *Celluloid Chains* is the most comprehensive volume to date on films about slavery This collection examines works from not only the United States but elsewhere in the Americas and it attests to slavery's continuing importance as a source of immense fascination for filmmakers and their audiences Each of the book's fifteen original essays focuses on a particular film that directly treats the enslavement of Africans and their descendants in the New World Beginning with an essay on the Cuban film *El otro* Francisco 1975 Sergio Giral's reworking of a nineteenth century abolitionist novel the book proceeds to examine such works as the landmark miniseries *Roots* 1977 which sparked intense controversy over its authenticity Werner Herzog's *Cobra Verde* 1987 which raises questions about what constitutes a slavery film Guy Deslauriers's *Passage du milieu* 1999 a documentary style reconstruction of what Africans experienced during the Middle Passage and Steve McQueen's Oscar winning *12 Years a Slave* 2013 which embodies the tensions between faithfully adapting a nineteenth century slave narrative and bending it for modern purposes Films about slavery have shown a special power to portray the worst and best of humanity and *Celluloid Chains* is an essential guide to this important genre **Forth to the Mighty Conflict** Allen Cronenberg, 2003-07-30 Alabama and its people played a conspicuous role in World War II Not only were thousands of servicemen trained at military facilities in the state but Axis prisoners of war were interned in camps on Alabama soil most notably at Aliceville and Opelika More than 45 000 Alabama citizens were killed in combat or died as POWs some came home injured and many labored in war factories at home *Narrating the Slave Trade, Theorizing Community* Raphaël Lambert, 2018-12-24 In *Narrating the Slave Trade Theorizing Community* Raphaël Lambert explores the notion of community in conjunction with literary works concerned with the transatlantic slave trade The recent surge of interest in both slave trade and community studies concurs with the return of free market ideology which once justified and facilitated the exponential growth of the slave trade The motif of unbridled capitalism recurs in all the works discussed herein however community whether racial political utopian or conceptual emerges as a fitting frame of reference to reveal unsuspected facets of the relationships between all involved parties and expose the ramifications of the trade across time and space Ultimately this book calls for a complete reevaluation of what it means to live together **The World's Fastest Man** Michael Kranish, 2021-06-29 In the tradition of *The Boys in the Boat* and *Seabiscuit* a fascinating portrait of a groundbreaking but forgotten figure the remarkable Major Taylor the black man who broke racial barriers by becoming the world's fastest and most famous bicyclist at the height of the Jim Crow era *Charlie Brown's America* Blake Scott Ball, 2021 *Charlie Brown's America* tells the story of how and why the lovable kids and an adventurous beagle of *Peanuts* became the unlikely spokespeople for American life in the last half of the twentieth century **A Mansion's Memories** Mary Chapman Mathews, 2006-10-28 An engaging history of The University of Alabama President's Mansion Mathews has done an excellent job in putting on paper the lore of the house she so obviously

learned to love Tuscaloosa News The mansion has watched history for more than a century it has overheard the conversations of its residents and guests it has seen itself change architecturally on the outside and decoratively on the inside it has witnessed the destruction of the Civil War difficulties during both World Wars and student demonstrations that accompanied the Vietnam War and it has c

Cradle of Freedom Frye Gaillard,2006-03-05 *Cradle of Freedom* puts a human face on the story of the black American struggle for equality in Alabama during the 1960s While exceptional leaders such as Martin Luther King Jr Rosa Parks Fred Shuttlesworth Ralph Abernathy John Lewis and others rose up from the ranks and carved their places in history the burden of the movement was not carried by them alone It was fueled by the commitment and hard work of thousands of everyday people who decided that the time had come to take a stand *Cradle of Freedom* is tied to the chronology of pivotal events occurring in Alabama the Montgomery bus boycott the Freedom Rides the Letter from the Birmingham Jail the bombing of the 16th Street Baptist Church Bloody Sunday and the Black Power movement in the Black Belt Gaillard artfully interweaves fresh stories of ordinary people with the familiar ones of the civil rights icons We learn about the ministers and lawyers both black and white who aided the movement in distinct ways at key points We meet Vernon Johns King s predecessor at the Dexter Avenue Baptist Church in Montgomery who first suggested boycotting the buses and who wrote later It is a heart strangely un Christian that cannot thrill with joy when the least of men begin to pull in the direction of the stars We hear from John Hulett who tells how terror of lynching forced him down into ditches whenever headlights appeared on a night road We see the Edmund Pettus Bridge beatings from the perspective of marcher JoAnne Bland who was only a child at the time We learn of E D Nixon a Pullman porter who helped organize the bus boycott and who later choked with emotion when for the first time in his life a white man extended his hand in greeting to him on a public street How these ordinary people rose to the challenges of an unfair system with a will and determination that changed their times forever is a fascinating and extraordinary story that Gaillard tells with his hallmark talent *Cradle of Freedom* unfolds with the dramatic flow of a novel yet it is based on meticulous research With authority and grace Gaillard explains how the southern state deemed the Cradle of the Confederacy became with great struggle some loss and much hope the Cradle of Freedom

America's Public Schools William J. Reese,2011-04-01 In this update to his landmark publication William J Reese offers a comprehensive examination of the trends theories and practices that have shaped America s public schools over the last two centuries Reese approaches this subject along two main lines of inquiry education as a means for reforming society and ongoing reform within the schools themselves He explores the roots of contemporary educational policies and places modern battles over curriculum pedagogy race relations and academic standards in historical perspective A thoroughly revised epilogue outlines the significant

challenges to public school education within the last five years Reese analyzes the shortcomings of No Child Left Behind and the continued disjuncture between actual school performance and the expectations of government officials He discusses the intrusive role of corporations economic models for enticing better teacher performance the continued impact of conservatism and the growth of home schooling and charter schools Informed by a breadth of historical scholarship and based squarely on primary sources this volume remains the standard text for future teachers and scholars of education **A Stone of Hope**

David L. Chappell,2005-08-01 The author of Inside Agitators White Southerners in the Civil Rights Movement revisits this monumental period in American history revealing the power of religious fervor as a force of change that managed to succeed where liberal rationalism could not Reprint **In Their Own Interests** Earl Lewis,1991 Since the Civil War African

Americans have made great efforts to empower themselves Focusing on Norfolk Virginia Earl Lewis shows how blacks have had to balance competing inclinations for conscious inaction and purposeful agitation as they sought to promote their own interests at home and in the workplace In Their Own Interests presents a cross section of southern urban blacks the power brokers and lesser knowns Garvey followers and communist enthusiasts who came to live in Norfolk between the Civil War and the Civil Rights Movement Lewis seeks to recreate the texture of African American life by examining the lives of the people after they moved to the city the jobs and assistance they secured the houses families and institutions they built the battles they waged and the culture they shared In Their Own Interests moves African American urban and social history beyond the current intellectual crossroads Drawing on a variety of sources Lewis tells the interconnected story of race class and power in twentieth century Norfolk His study has far reaching implications and should be of wide interest Defining the Struggle

Susan D. Carle,2015 This book punctures the myth that important national civil rights organizing in the United States began with the NAACP showing that earlier national organizations developed key ideas about law and racial justice activism that the NAACP later pursued **Hope and Healing** John Silvanus Wilson,2023-05-16 With significant lessons

from the history and evolution of HBCUs a guide to the strategic conversations all higher education institutions must have to prepare students for a complex world In Hope and Healing former Morehouse College president John Silvanus Wilson Jr looks to Historically Black Colleges and Universities HBCUs to examine what it takes not only to survive as a relevant institution of higher education but to thrive Wilson draws on pivotal moments in the timelines of HBCUs and the work of past visionaries such as W E B DuBois and Booker T Washington to yield important perspectives on the future of higher education and the role of HBCUs within it Wilson documents the strengths of HBCUs which endure even as factors such as school desegregation enrollment shifts and fundraising shortages have deeply affected their operation These schools have long optimized institutional character he shows and he encourages their leaders to similarly optimize institutional capital Wilson emphasizes the indispensable role of educational finance in keeping schools viable and vital to US education discussing funding approaches such as targeted endowment strategies large scale capital campaigns based in STEM research and

partnerships between schools and the philanthropic community Wilson's asset based framework reveals pathways for all higher education institutions to invest in their long term futures Suffused with optimism the book credits HBCUs as exemplars that consistently demonstrate how all colleges and universities can marshal their institutional resources to shape better citizens foster civic literacy and work toward a better tomorrow

Regime Politics Clarence Nathan Stone, 1989

From the end of Georgia's white primary in 1946 to the present Atlanta has been a community of growing black electoral strength and stable white economic power Yet the ballot box and investment money never became opposing weapons in a battle for domination Instead Atlanta experienced the emergence and evolution of a biracial coalition Although beset by changing conditions and significant cost pressures this coalition has remained intact At critical junctures forces of cooperation overcame antagonisms of race and ideology While retaining a critical distance from rational choice theory author Clarence Stone finds the problem of collective action to be centrally important The urban condition in America is one of weak and diffuse authority and this situation favors any group that can act cohesively and control a substantial body of resources Those endowed with a capacity to promote cooperation can attract allies and overcome oppositional forces On the negative side of the political ledger Atlanta's style of civic cooperation is achieved at a cost Despite an ambitious program of physical redevelopment the city is second only to Newark New Jersey in the poverty rate Social problems conflict of interest issues and inattention to the production potential of a large lower class bespeak a regime unable to address a wide range of human needs No simple matter of elite domination it is a matter of governing arrangements built out of selective incentives and inside deal making such arrangements can serve only limited purposes The capacity of urban regimes to bring about elaborate forms of physical redevelopment should not blind us to their incapacity to address deeply rooted social problems Stone takes the historical approach seriously The flow of events enables us to see how some groups deploy their resource advantages to fashion governing arrangements to their liking But no one enjoys a completely free hand some arrangements are more workable than others Stone's theory minded analysis of key events enables us to ask why and what else might be done Regime Politics offers readers a political history of postwar Atlanta and an elegant innovative and incisive conceptual framework destined to influence the way urban politics is studied

Making a Way Marilyn Robinson, 2013-12-24

Making a Way traces the life of Ulysses Byas from childhood through his tenure as the first black superintendent of the Macon County Alabama Schools as told to coauthor Marilyn Robinson This biography relies on extensive interviews that Dr Robinson conducted with Dr Byas as well as an examination of his collection of documents Dr Byas unique experiences and skills informed the strategies he used to attack the fiscal deficit the physical plant deterioration and the educational performance deficiencies he found as superintendent of the Macon County Schools His professional life was dedicated to using creative approaches to addressing problems brought about by segregation and the policies of separate but equal schooling Ultimately Dr Byas faced a dilemma over whether or not to confront Gov George Wallaces political machine and its discriminatory

policies governing the licensure of the Alabama Educational Television network Only time would tell whether his testimony would have dire results for him and the school system or whether it could successfully overcome the racist programming endemic in the South In Making a Way Dr Robinson considers the impact of Dr Byass decision as she examines the inspiring story of a courageous and creative leader
