## **Robert P George Book:**

The Clash of Orthodoxies Robert P. George, 2023-06-20 In *The Clash of Orthodoxies Law Religion and Morality in Crisis* Robert George tackles the issues at the heart of the contemporary conflict of worldviews Secular liberals typically suppose that their positions on morally charged issues of public policy are the fruit of pure reason while those of their morally conservative opponents reflect an irrational religious faith George shows that this supposition is wrong on both counts Challenging liberalism's claim to represent the triumph of reason George argues that on controversial issues like abortion euthanasia same sex unions civil rights and liberties and the place of religion in public life traditional Judeo Christian beliefs are rationally superior to secular liberal alternatives *The Clash of Orthodoxies* is a profoundly important contribution to our contemporary national conversation about the proper role of religion in politics The lucid and persuasive prose of Robert George one of America's most prominent public intellectuals will shock liberals out of an unwarranted complacency and provide powerful ammunition for embattled defenders of traditional morality

**Making Men Moral** Robert P. George, 1995-04-06 Contemporary liberal thinkers commonly suppose that there is something in principle unjust about the legal prohibition of putatively victimless immoralities Against the prevailing liberal view Robert P George defends the proposition that moral laws can play a legitimate if subsidiary role in preserving the moral ecology of the cultural environment in which people make the morally significant choices by which they form their characters and influence for good or ill the moral lives of others George shows that a defence of morals legislation is fully compatible with a pluralistic perfectionist political theory of civil liberties and public morality

**Truth Matters** Robert P. George, Cornel West, 2025-01-21 Two leading public intellectuals and dear friends one progressive one conservative explore What is Truth

and Why Does Truth Matter In Truth Matters Cornel West and Robert P George address a range of social issues on which Americans today are bitterly divided Their book models robust intellectual engagement and civil discourse as they explore vital questions surrounding the idea of truth and its foundational role in our lives Along the way they reflect on social conditions such as respect for freedom of speech that must be established and maintained if truth is to be seriously pursued They also explore the virtues such as intellectual humility and courage that must be acquired and practiced if we frail fallible fallen human beings are to be determined truth seekers and bold truth speakers Rethinking Cooperation with Evil Ryan Connors, 2023-12-15 Rethinking Cooperation with Evil A Virtue Based Approach applies Thomistic virtue theory to today's most challenging questions of cooperation with evil For centuries moralists have struggled to determine the conditions necessary to justify moral cooperation with evil The English Jesuit Henry Davis even observed There is no more difficult question than this in the whole range of Moral Theology This important book addresses this challenge by applying the virtue based method of moral reasoning of St Thomas Aquinas to issues of cooperation with evil Those who pastor souls report frequently receiving questions from attentive believers about whether a particular human action inadvertently contributes to some moral evil Examples of potentially immoral cooperation with evil include whether one may shop at a particular franchise known for its support of abortion whether Catholics may attend civil marriages outside the Church or whether an organization may submit to government mandates that health insurance include payment for immoral practices Although recent moralists have tackled specific topics related to cooperation with evil agreement on an overall common paradigm has not yet been reached Rethinking Cooperation with Evil proposes a method for Christian believers and others to approach these questions from the foundation of the thought of St Thomas Aquinas and the magisterial teaching of the Catholic Church This text provides both an overall method for how to understand the issue of cooperation as well as practical counsel for specific cases Rethinking Cooperation with Evil advances the theological conversation on this topic from both speculative and practical vantage points To facilitate his argument Connors utilizes historical analyses that contrast Aquinas's method of moral reasoning with that of the casuist treatment of cooperation Consequently the book includes numerous case studies that will be of interest both to moral theologians and readers new to the topic **The Oxford Handbook of Religious**

normally forbidden is non ideal but so is Ruchami s unhappiness and the possibility that she might go ahead and take the risk which is also forbidden

*What's the Good of Humanity?* Victor Lee Austin, Joel C. Daniels, 2021-09-21 From a Christian perspective it could well be said that humanity a good gift of God is being undermined by the technology and thought patterns and practices of contemporary Western culture In response to what is seen as an attack many books have been written on the harm of these technologically driven practices These articles and books focus on what is wrong with euthanasia with surrogate motherhood with the denial of the male female difference and so forth Yet to make a compelling cultural witness it is more important for Christians to know what is right and essential that they be able to articulate the positive Why do babies matter What is the goodness embedded in being made male and female How can one approach death in a godly manner We need in other words to be able to give an account of God s Yes 2 Cor 1 20 the hope that is within us 1 Peter 3 15 In this collection of essays an ecumenical group of scholars of diverse perspectives discuss these and other important questions in order to help discern what is good for humanity With contributions by Phillip Cary Donna Freitas Paul Hinlicky Edith M Humphrey Patrick Lee Gilbert Meilaender Nancey Murphy

**Constitutional Democracy** Walter F. Murphy, 2007 Publisher Description **Hate Speech Law** Alex Brown, 2015-03-05 Hate speech law can be found throughout the world But it is also the subject of numerous principled arguments both for and against These principles invoke a host of morally relevant features e g liberty health autonomy security non subordination the absence of oppression human dignity the discovery of truth the acquisition of knowledge self realization human excellence civic dignity cultural diversity and choice recognition of cultural identity intercultural dialogue participation in democratic self government being subject only to legitimate rule and practical considerations e g efficacy the least restrictive alternative

chilling effects The book develops and then critically examines these various principled arguments It also attempts to de homogenize hate speech law into different clusters of laws regulations codes that constrain uses of hate speech so as to facilitate a more nuanced examination of the principled arguments Finally it argues that it is morally fitting for judicial and legislative judgments about the overall warrant of hate speech law to reflect principled compromise Principled compromise is characterized not merely by compromise over matters of principled concern but also by compromise which is itself governed by ideals of moral duty or civic virtue e g reciprocity equality and mutual respect The Open Access version of this book available at <https://doi.org/10.4324/9781315714899> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *The G.A.O Journal*, 1992 [The Bible and Marriage \(A Catholic Biblical Theology of the Sacraments\)](#) John S. Same-Sex Marriage Tamara Thompson, 2015-02-06 On June 26 2015 the U S Supreme Court ruled by a 5 to 4 vote that the Constitution guarantees a right to same sex marriage This anthology provides your readers with a complete overview of the debate about same sex marriage It contains a diverse collection of writings representing leading conservative liberal and centrist views of the issues surrounding the topic Each chapter presents an important question about the subject and the opinions that follow are grouped into yes and no categories By evaluating contrasting opinions readers can attain an objective knowledge *The Liberal Betrayal of America and the Tea Party Firestorm* William Davis Eaton, 2010-05 On November 4 2008 the American people elected a virtually unknown untried and inexperienced but charismatic community organizer from the streets of Chicago as President of the United States His campaign had promised little more than Hope Change and Yes We Can with an occasional vague reference to transformative change The new President exalting himself and his associates as the ones we have been waiting for lost no time in imposing an enormous expansion of layered bureaucratic power through regulation takeovers intimidation and ruinous debt to replace the institutions of American Liberty Barack Hussein Obama tells us that America is no longer an exceptional nation no longer a Christian nation and acts as though it were no longer a constitutional nation The result is a genuine coup d'etat and the meaning of transformative change becomes all too clear Call it sociofascism The ground for this shocking change was prepared when the campus riots of the 1960s opened a culture war against America Over the decades this became a full fledged Civil War to capture or

destroy American institutions of Liberty and is now merged with the Obama regime But in their jackboot haste to effect their purpose the new commanders stepped on a sleeping giant and aroused its fury We the people saw transformative change exposed for what it is The Tea Parties were born and a broad citizen based counter attack against those who would destroy America began barely a month after the new regime took office Liberal Betrayal of America and the Tea Party Firestorm is the story of how this has happened and what the future prospects for America may be **Natural Law, Liberalism, and Morality** Robert P. George, 2001 A number of leading defenders of natural law and liberalism offer frank and lively exchanges touching upon critical issues surrounding contemporary moral and political theory **Natural Law Jurisprudence in U.S. Supreme Court Cases since Roe v. Wade** Charles P. Nemeth, 2020-02-20 Since America's founding natural law principles play a critical role in the development of rights and human dignity Commencing with the notion that rights are derived from a higher metaphysical power over mere promulgation and human legislation the natural law advocate sees law and human rights in the context of a more perpetual and perennial philosophy Coupled with this is the view that natural law provides a series of undeniable precepts for human operations or a natural prescription for human life based on the natural order Hence early court cases tend to emphasize the natural versus the unnatural and just as compellingly argue that the natural order aligned with the eternal law delivers a measure for human action Earlier US Supreme Court cases often use this sort of language in granting or denying rights in certain human activity As a result a survey of some of the most significant landmark cases from the Supreme Court are assessed in Natural Law Jurisprudence in U S Supreme Court Cases since Roe v Wade and by implication those cases which seem to disregard these fundamental principles such as the slavery decisions are highlighted Princeton Alumni Weekly, 2007
