Perverting the Promised Land Charles Wilcox, 2015-10-30 Who really killed Lincoln The value of history is understood less and less in our world It s an easy subject to underestimate But the reality is that knowing history is vital to a people s survival Creating connections with the past orients and stabilizes us It provides specific lessons that can inform our decision making both individually and nationally It supplies our memory as a people as well as our understanding of and appreciation for personal and national character It fortifies us to face hardships with resolution And it is extremely prophetic as it tends to play out in repetitive cycles The lessons are many and they are invaluable What sorts of lessons will this history teach Will it fill our students with a sense of positive purpose Will it inspire them to follow the best examples of their forebears and to build heroic character Will it strengthen them for future challenges The better you understand history the better you can understand why our ignorance of it is so dangerous
