Photoshop Elements is America's #1 selling consumer photo editing software and this updated book covering both Windows and Mac breaks new ground by doing something for digital photographers that's never been done before. It cuts through the bull and shows exactly how to do it. It's not a bunch of theory; it doesn't challenge readers to come up with their own settings or figure things out on your own. Instead, it tells readers flat out which settings to use, when to use them, and why. This book gives the inside tips and tricks of the trade for organizing, correcting, editing, sharpening, retouching, and presenting photos like a pro. Readers will be absolutely amazed at how easy and effective these techniques are once they know the secrets. This book covers: The real secrets of how the pros retouch portraits; How to color correct any photo without breaking a sweat; How to use Camera Raw for processing not only RAW photos but JPEGs and TIFFs too; The sharpening techniques the pros really use; How to deal with common digital camera image problems including removing noise and avoiding halos; The most requested photographic special effects; All the improved and brand new features of Elements 12 such as the enhanced work environment, the ability to move objects and have the background automatically filled in one touch; Frames Effects and Textures and the ability to more easily share your images online and with your mobile devices; And much more.

[The Photoshop Elements 13 Book for Digital Photographers](#) Scott Kelby, Matt Kloskowski, 2014-12-22 ARE YOU READY FOR AN ELEMENTS BOOK THAT BREAKS ALL THE RULES? This book breaks new ground by doing something for digital photographers that's never been done before: it cuts through the bull and shows you exactly how to do it. It's not a bunch of theory; it doesn't challenge you to come up with your

own settings or figure things out on your own Instead it does something that virtually no other Elements book has ever done it tells you flat out which settings to use when to use them and why If you're looking for one of those tell me everything about the Unsharp Mask filter books this isn't it You can grab any other Elements book on the shelf because they all do that Instead this book gives you the inside tips and tricks of the trade for organizing correcting editing sharpening retouching and printing your photos like a pro You'll be absolutely amazed at how easy and effective these techniques are once you know the secrets LEARN HOW THE PROS DO IT Each year we train thousands of digital photographers and almost without exception they have the same questions and face the same problems that's exactly what we cover in this book You'll learn The real secrets of how the pros retouch portraits How to unlock the power of layers you'll be amazed at how easy it is How to use Camera Raw for processing not only RAW photos but JPEGs TIFFs and PSDs too And you'll learn why so many pros like it best because it's faster and easier The sharpening techniques the pros really use there's an entire chapter just on this How to deal with common digital camera image problems including brightening people in dark shadows and getting the best color possible The most requested photographic special effects and much more THE BOOK'S SECRET WEAPON Although Elements 13 offers some digital photography features that Photoshop CC doesn't offer there are plenty of features that Photoshop CC has that Elements 13 still doesn't have things like channels HDR etc But in this book you'll learn some slick workarounds cheats and some fairly ingenious ways to replicate many of those Photoshop features from right within Elements Plus you can follow along with all the images used in the book available for download on the book's companion webpage Since this book is designed for photographers it doesn't waste your time talking about what a pixel is how to frame a shot set your exposure etc and there's no talk about which camera or printer to buy It's all Elements step by step cover to cover in the only book of its kind and you're gonna love it
