From Rome to Byzantium Michael Grant, 2015-03-04 Byzantium was dismissed by Gibbon in the Decline and Fall of the
 Roman Empire and his Victorian successors as a decadent dark oriental culture given up to intrigue forbidden pleasure and
 refined cruelty This great empire founded by Constantine as the seat of power in the East began to flourish in the fifth
 century AD after the fall of Rome yet its culture and history have been neglected by scholars in comparison to the privileging

of interest in the Western and Roman Empire Michael Grant's latest book aims to compensate for that neglect and to provide an insight into the nature of the Byzantine Empire in the fifth century the prevalence of Christianity the enormity and strangeness of the landscape of Asia Minor and the history of invasion prior to the genesis of the empire Michael Grant's narrative is lucid and colourful as always lavishly illustrated with photographs and maps He successfully provides an examination of a comparatively unexplored area and constructs the history of an empire which rivals the former richness and diversity of a now fallen Rome *WALNECK'S CLASSIC CYCLE TRADER, JANUARY 2001* Causey Enterprises, LLC,
