Murambatsvina, The Maurice Taonezvi Vambe, 2008 In his introduction to The Hidden Dimensions Maurice Vambe argues that the treatment of people as human dirt demands the notion of citizenship in Zimbabwe be rethought **Fleet Owner**, 1995 **This! do! As It Should Be!** Ron Kempter, 2013-08-13 This writing was inspired by my reunion with four old friends that had spent the first grade through high school together reunited after fifty two years It was the nostalgia generated at the dinner party that made me realize I had to preserve my collection of dreams and aspirations travels and accomplishments so that family and friends would know where I came from how I got here and who I am The chronologies of the events in my life are not especially significant in terms of fame or fortune but important to me none the less It is for this reason that I want to record the people and places that were meaningful in my life and to share my love for them all **Hold On, Someone is on the Other Line!** Darmonica Alexander, 2011-03-30 The book is about all of my dreams that I had that never came true This book will also give the inside track of what I learned about me in my life as I travel through the journey of life People have always talked about the truth about their life but what about the whole truth the good the bad and the ugly I am just a normal and regular person who is not perfect in no form shape or fashion This book is just an insight of my life with all of the encounters coming from a very large family By coming from a large family today caused many problems for me because I did not realize exactly how poor I was until I began to attend college Not saying that most of our family didn't pull themselves out of their situations Happiness came from the inside of you to come true This book will show that I thought that it was the choices that I made but in the end I found out that it wasn't only the choice but it was other individual choices but it was the decision of my parents that turned my life upside down and on its head From my experience as a child growing up here in America in the 60's and 70's life was to have dreams in our small little heads about becoming a fireman sports photographer doctor or even a player playing sports As a child having dreams are the responsibility of the parents to every effort to make their child dreams come true and this will make them successful and most of all very happy with their accomplishments See I love the game of football and other sports as well such as baseball basketball and track and field but football was my favorite The reason that I loved football was my most favorite The reason it was my favorite because on the football field this was where the smaller player could get even with the bigger bullies who wanted to talk trash to some of the small players While I played the game of football in the little Pop Warner Football League I silence the bigger boys without talking trash As this book unfolds you will find out that other people in my life and bad timing played a role in my unsuccessful dreams Then you will find out that my life was not only my decision alone But on the side of all of this I had a good life and I maintained to stay happiness Now if I had not exposed my life to you many people would never know the pain and hardship that I experienced in my life time I am still the same Darmonica who you have know in the past who love sports and love lending a helping hand where it's needed For the love of life is to love yourself help another and take the worst of life and make the best of it and I did just that Without my family and friends I would not be the person who I am NOW That's why I say Hold on someone is on
