personal trials he overcame in making it there Marzo endured a difficult childhood He was a colicky baby who his mother found could be soothed only with water Later as he entered school his undiagnosed Asperger's made it tough for him to relate to his peers and fit in but his relationship with the wave was elemental Marzo could always turn to surfing the only place where he truly felt at peace Unflinching and inspiring Just Add Water is a brave memoir from a one of a kind surfing savant who has electrified fans around the world with his gift and whose story speaks boldly to the hope and ultimate triumph of the human spirit Diatom Gliding Motility Stanley A. the knives did come out Golden Dawn became a significant parliamentary presence and used it as a platform to escalate their terror campaigns against migrants and leftists across the country They also became an inspiration for far right groups across Europe and the Americas Journalist Patrick Strickland first arrived in Greece in 2015 to cover the European refugee crisis just as Golden Dawn were ramping up their campaign of terror With an eye for journalistic detail that recalls Orwell's reportage in Spain Strickland traces the antecedents of Golden Dawn to the dark years of Nazi occupation and subsequent military dictatorship and looks at the post 2008 economic crisis that emboldened the far right He also introduces us to the resistance forces standing up to the right taking us to the Greek islands where people rallied together to support the hundreds of thousands of refugees traveling across the Aegean Sea Strickland also takes us to the anarchist squats in Athens where activists took over abandoned buildings and opened them up to the refugees a tactic they viewed as an anti fascist alternative to dooming migrants to life in the squalid refugee camps You Can Kill Each Other After I Leave is an exemplary work of narrative nonfiction and compelling journalism that provides an intimate portrait of the stories of migrants and activists resisting the growth of the far right as well as a vivid and shrewd analysis of the evolving political landscape in Greece and Europe

Context Robert A. Stebbins, 2017-07-12 There have been many analyses of leisure drawing on the social historical cultural temporal and geographical contexts in which acts of leisure are pursued Yet these studies lack a theoretical framework that can explain how leisure studies interact in various social contexts cultural temporal or geographical or as Robert A Stebbins conceptualizes it at levels of society Here Stebbins explores leisure studies at society s micro meso and macro levels He considers all three as they manifest themselves in the everyday pursuit of leisure while focusing on the heretofore neglected middle which he calls the meso side of life Stebbins not only draws these perspectives together but does something no one else has he focuses on the big picture of leisure Leisure Activities in Context examines the entire micro macro agency structure dimension using theory and research from leisure studies and the sociology of leisure as the vehicles to accomplish this This book will be a useful theoretical sourcebook on the study of leisure because it provides a blueprint of issues that scholars and students can use to draw deeper meaning from their own studies and a framework for future research
