against the immorality and policies of the Radical Left to bring a renewal of liberty freedom and biblically based principles back to America In his groundbreaking new book Counterpunch Floyd G Brown issues both the battle cry and a strategic action plan for a populist movement in America that goes beyond any president or political party Issue by issue the Left chooses new markers in the sand and waits to see who will embrace their agenda Those who don t are canceled and silenced This leads to alienation and the feeling that violence is the only option left Brown wants readers to know there is another way a civil disobedience of the state that allows us to be peaceful and potentially more successful Counterpunch explains step by step how you can take part in a second American Revolution that will completely reorder the country under new governing principles Touted as the Christian answer to Saul Alinsky's Rules for Radicals Brown's Counterpunch outlines a strategy for mobilizing a peaceful resistance that leads to collective action Utilizing an evergreen approach that isn't focused on specific public policy issues Floyd delivers a practical biblically based plan for every American that will lead to the renewal of liberty
