The Savage Truth Stop The Coming Civil War:

Stop the Coming Civil War Michael Savage, 2014-10-07 In the book that predicted our current political climate conservative talk show host and 1 New York Times bestselling author Michael Savage shows how true patriots can defend America's freedoms before it's too late The split between the right and the left is growing every day and our country is in real trouble Not between the states but between true patriots who believe in our nation's founding principles and those he believes are working every day to undermine them and change the very nature of the country Michael Savage is convinced we face more than just political differences He believes the split between right and left is possibly irreversible unless we understand what's destroying American values and how to stop it This fervent warning offers the Savage truth a call to action in the voting booth in order to defend the freedoms our Constitution so brilliantly established **An Outsider's Guide to**

Antifa Matthew Knouff, 2017-11-22 The first volume of an introductory guide to the anti fascist movement focusing on historical fascism and the predecessor enemies to fascism the epistemology of fascism and the psychology of fascism and left wing activism **The Clash of Civilizations** Allan Trawinski, 2017-05-26 In this work Allan Trawinski will test and disprove the commonly held hypothesis that the present West Near East Conflict is a relatively new development since the founding of the State of Israel in 1948 is primarily driven by religion culture radical Islamic fundamentalism against Christianity Judaism and that terrorism is employed as the Near East's primary method weapon tactic of choice which could all be ended by solving the Palestinian Israeli religious problem ending radical terrorism becoming energy independent liberating the region from despots and establishing prosperous economic and democratic regimes in their wakes Consequently he will test and prove his own counterhypothesis that the present West Near East Conflict is a part of a continuous 3 275 year conflict that is secular geopolitical economic as much as or more than ideological religious cultural in nature and that terrorism has only until very recently played a relatively minor role as the Near East's primary method weapon tactic of choice *The Age of*

Insurrection David Neiwert, 2023-06-27 An important book offering the clearest explanation of how dark forces conspired to overthrow our democratically elected government and install a fascist regime in its place And it's a warning that what comes next might be even worse His prose is passionate thoughtful at times blisteringly funny and always deeply morally engaged with the importance of the work The Seattle Times A brisk and searing history It's a disturbing look at how hard extremism is to stamp out Publishers Weekly The strange and terrible tale of the far right's long war on American democracy From a smattering of ominous right wing compounds in the Pacific Northwest in the 1970s to the shocking January 6 2021 insurrection at the U S Capitol America has seen the culmination of a long building war on democracy being waged by a fundamentally violent and antidemocratic far right movement that unironically calls itself the Patriot movement So how did we get here Award winning journalist David Neiwert who been following the rise of these extremist groups since the late 1970s when he was a young reporter in Idaho explores how the movement was built over decades how it was set aflame by

Donald Trump and his cohorts and how it will continue to attack American democracy for the foreseeable future Neiwert especially studies how the Pacific Northwest has long been a breeding ground of extremist violence from the time when neo nazis migrated to the area from southern California in the 1970s through the great battles in Portland and Seattle and neighboring towns over the last decade Laying out how these groups organize their terroristic violence and attacks on democratic institutions at every level including local state and federal targets Neiwert details what their strategies and plans look like for the foreseeable future The Progressive Revolution Ellis Washington,2016-12-13 His tenth book The Progressive Revolution Volume V continues his legal historical and literary series based on Natural Law Natural Rights and the original political philosophy of the constitutional Framers and original jurisprudence of the U S Supreme Court Washington systematically chronicles both the historical significance and political deconstruction that the Progressive Revolution or the Progressive Age circa 1860 present has perpetrated against Western Civilization and American society even to this day These volumes are a collection of selected essays articles and Socratic dialogues from Washington s weekly columns published in RenewAmerica.com an essential news and opinion website of primarily conservative writers and ideas This opus Volume V 2014 15 Writings which rather than being arranged chronologically by date are organized topically according to their subject matter of 16 intellectual disciplines including Law Politics Foreign Policy Philosophy Aesthetics the Academy Religion Economics Science Medicine Math Engineering Culture Society History and Legal Scholarship

Southern Women Novelists and the Civil War Sharon Talley,2014-04-09 During and after the Civil War southern women played a critical role in shaping the South s evolving collective memory by penning journals and diaries historical accounts memoirs and literary interpretations of the war While a few of these writings most notably Mary Chesnut s diaries and Margaret Mitchell s novel *Gone with the Wind* have been studied in depth by numerous scholars until now there has been no comprehensive examination of Civil War novels by southern women In this welcome study Sharon Talley explores works by fifteen such writers illuminating the role that southern women played in fashioning cultural identity in the region Beginning with Augusta Jane Evans s *Macaria* and Sallie Rochester Ford s *Raids and Romance of Morgan and His Men* which were published as the war still raged Talley offers a chronological consideration of the novels with informative introductions for each time period She examines Reconstruction works by Marion Harland Mary Ann Cruse and Rebecca Harding Davis novels of the Redeemed South and the turn of the century by Mary Noailles Murfree Ellen Glasgow and Mary Johnston and narratives by Evelyn Scott Margaret Mitchell and Caroline Gordon from the Modern period that spanned the two World Wars Analysis of Margaret Walker s *Jubilee* 1966 the first critically acclaimed Civil War novel by an African American woman of the South as well as other post World War II works by Kaye Gibbons Josephine Humphreys and Alice Randall offers a fitting conclusion to Talley s study by addressing the inaccuracies in the romantic myth of the Old South that *Gone with the Wind* most famously engraved on the nation s consciousness Informed by feminist poststructural and cultural studies theory Talley

s close readings of these various novels ultimately refute the notion of a monolithic interpretation of the Civil War presenting instead unique and diverse approaches to balancing fact and fiction in the long period of artistic production concerning this singular traumatic event in American history Sharon Talley professor of English at Texas A M University Corpus Christi is the author of *Ambrose Bierce and the Dance of Death* and *Student Companion to Herman Melville* Her articles have appeared in *American Imago* *Journal of Men s Studies* and *Nineteenth Century Prose* **Swift as Priest and Satirist** Todd C.
