The Secret Lives of Puffins Dominic Couzens, 2014-01-28 Covering their life cycle behavior habitats and environmental challenges a photographer and a wildlife writer team up to present a portrait of the colorful comedic and approachable puffin

Farewell Mr Puffin Paul Heiney, 2021-07-08 It would be hard to imagine a more thoughtful intelligent and companionable person to go to sea with than Paul Heiney Bill Bryson High comedy on the high seas Informative and warm and freezing It s quite a combination Griff Rhys Jones The puffin is the joker amongst the seabirds of the north Atlantic but what is happening to this much loved bird is far from a laughing matter This is the conclusion of writer and broadcaster Paul Heiney who set sail from the east coast of England bound for Iceland propelled by a desire to breathe the cool clear air of the high latitudes and to follow in the wake of generations of sailors who have made this often treacherous journey since the 13th century In almost every harbour he tripped over maritime history and anecdote and came face to face with his own past as he sailed north along his childhood coastline of east Yorkshire towards the Arctic Circle But there was one major thing missing from this voyage the sight of puffins They are remarkable birds uplifting as a ray of sunshine after a storm To see them and share their waters was also part of Heiney s ambition Imagine then his disappointment when first no puffins appeared off the Farne Islands then none to be seen on puffin hotspots like Orkney When he failed to see puffins on Iceland it was the last straw and he started to become seriously concerned Heiney senses that a new chapter is about to be written and it is one in which we may have to say farewell to the puffin forever This book is rich in travel and sailing narrative natural and social history and with a strong undercurrent of good humour It provides not only an insight into the private life of the puffin but an honest portrait of human life on the ocean waves as well as a reflection on what we might lose if the puffin disappears from our icy northern waters

Tales of Remarkable Birds Dominic Couzens, 2015-03-12 Throughout the bird world examples of strange and seemingly inexplicable behaviours abound Why do Male Fairywrens bring flowers to females as a nuptial gift in the pre dawn darkness Especially when the gift givers are not the official mates of the females concerned but visitors and furthermore they may give these gifts in full view of the official mate Which bird is so big strong and fierce that stories abound of it killing humans This book looks at accounts of murderous Cassowaries and explains just what might have happened What happens in an albatross divorce Why do White winged Choughs kidnap their neighbours fledglings and then keep them in their gang This book divides the world by continent and takes a series of extraordinary stories from each to illustrate a great diversity of bird behaviour Each continent will have around five or six stories each described in 1500 to 2000 words and examining the truths and the mythology behind each example
