Merlin and the Discovery of Avalon in the New World Graham Phillips, 2005-10-12 The first book to present the true identity of the mythic figure Merlin Uncovers historical evidence that the legend of Merlin was based on the life of a real man Reveals that Avalon Merlin's final resting place was an island in the United States The legendary figure Merlin is known throughout the world as the wizard of Camelot who was counselor to King Arthur and helped that monarch create the Round Table Through the course of a 20 year investigation Graham Phillips has uncovered evidence that this famous story was based on the life of an actual historical figure the son of a Roman consul who became the last of the Romans to rule Britain in the fifth century A D Furthermore the evidence reveals that he died and was buried in what is now the United States According to legend Merlin ended his life on the mystical island of Avalon A 1500 year old saga tells how Merlin left Britain on a boat bound for a mysterious island to the west The places described in Merlin's voyage Phillips argues would only have been seen by someone who had journeyed to the New World For example the island where boiling fountains bubble from the ground could be the geysers of Iceland and the island with rivers of ice the glaciers of Greenland During his research Phillips discovered that a site believed to be Merlin's grave was found by the first British settlers in North America a secret location said to have been preserved in the works of William Shakespeare and the coded writings of the Freemasons Phillips follows a trail of historical clues that leads ultimately to a mysterious New England tomb Here a final encrypted message not only

reveals the whereabouts of Merlin's grave but contains evidence that Merlin's descendants still survive and through a merger with the Spencer family of Princess Diana may once again ascend the British throne *The Church of Scientology* Hugh B. Urban, 2013-02-24 Scientology's long and complex journey to recognition as a religion Scientology is one of the wealthiest and most powerful new religions to emerge in the past century To its detractors L Ron Hubbard's space age mysticism is a moneymaking scam and sinister brainwashing cult But to its adherents it is humanity's brightest hope Few religious movements have been subject to public scrutiny like Scientology yet much of what is written about the church is sensationalist and inaccurate Here for the first time is the story of Scientology's protracted and turbulent journey to recognition as a religion in the postwar American landscape Hugh Urban tells the real story of Scientology from its cold war era beginnings in the 1950s to its prominence today as the religion of Hollywood's celebrity elite Urban paints a vivid portrait of Hubbard the enigmatic founder who once commanded his own private fleet and an intelligence apparatus rivaling that of the U S government One FBI agent described him as a mental case but to his followers he is the man who solved the riddle of the human mind Urban details Scientology's decades long war with the IRS which ended with the church winning tax exempt status as a religion the rancorous cult wars of the 1970s and 1980s as well as the latest challenges confronting Scientology from attacks by the Internet group Anonymous to the church's efforts to suppress the online dissemination of its esoteric teachings *The Church of Scientology* demonstrates how Scientology has reflected the broader anxieties and obsessions of postwar America and raises profound questions about how religion is defined and who gets to define it **The Secret in Medieval Literature** Albrecht Classen, 2022-10-17 *The Secret in Medieval Literature* *Alternative Worlds in the Middle Ages* explores the many strange phenomena both in the Middle Ages and today that do not find any good rational explanations Those do not pertain to magic or to religion in the traditional sense of the word they are secrets of an epistemological kind and tend to defy human rationality without being marginal or irrelevant At first sight we might believe that we face elements from fairy tales but the medieval cases discussed here go far beyond such a simplistic approach to the mysterious dimension of secrets In fact as this book argues medieval poets commonly engaged with alternative forces and described their workings within the human context both in the Latin West and in the East without being able to come to terms with them critically Those mysteries appear both in heroic epics and courtly romances among other genres and they figure more frequently than we might have assumed On the one hand we could conceive of those secrets as the product of literary liberties and imagination on the other those secrets prove to be rather serious agents intervening in the lives of the fictional protagonists By the same token our modern world is not all rationality and material conditions either The study of secrets in the Middle Ages thus opens the pathway toward a new epistemology both for the people in the pre modern age and us today *The Secret Teachings of Mary Magdalene* Claire Nahmad, Margaret Bailey, 2012-01-01 This in depth commentary on the lost material of *The Gospel of Mary Magdalene* presents Jesus most important and misunderstood disciple as you've never seen

her before Discovered in fragments in Egypt in 1945 The Gospel of Mary remains one of the most controversial texts of early Christianity This translation of Mary s teachings from the original Greek and Coptic offers a unique new perspective authors Claire Nahmad and Margaret Bailey utilized inner listening to uncover lost material and they present Mary s ideas in the form of a dialogue between the risen Savior and His disciples Most importantly The Secret Teachings of Mary Magdalene includes a description by Mary of special revelations given to her by Jesus Nahmad and Bailey argues that Mary was not just the consort of Christ but the feminine Christ herself and in their view the partnership between Jesus and Mary exemplifies the crucial balance of male and female in spiritual and corporeal life It s an interpretation that uncovers a rich subtext in Mary s words offering wisdom on an extraordinary range of concerns from the origins of the human race to the pathway to Christlike consciousness
