The Secret Of The Witches Episode One The Gods:

The God of the Witches Margaret Alice Murray, 1970 This celebrated study of witchcraft in Europe traces the worship of the pre Christian and prehistoric Horned God from paleolithic times to the medieval period Murray the first to turn a scholarly eye on the mysteries of witchcraft enables us to see its existence in the Middle Ages not as an isolated and terrifying phenomenon but as the survival of a religion nearly as old as humankind itself whose devotees held passionately to a view of life threatened by an alien creed The findings she sets forth once thought of as provocative and implausible are now regarded as irrefutable by folklorists and scholars in related fields Exploring the rites and ceremonies associated with witchcraft Murray establishes the concept of the dying god the priest king who was ritually killed to ensure the country and its people a continuity of fertility and strength In this light she considers such figures as Thomas a Becket Joan of Arc and Gilles de Rais as spiritual leaders whose deaths were ritually imposed Truly a classic work of anthropology and written in a clear accessible style that anyone can enjoy *The God of the Witches* forces us to reevaluate our thoughts about an ancient and vital religion

The Living Temple of Witchcraft Volumn One Christopher Penczak, 2008 A guide for solitaires eclectics and non traditional Witches It features lessons that contain meditations based on the Underworld journey teachings as well as an advanced discussion of some facet of magick or witchcraft

The Secret of the Witches Edward J. Belanger, 2009-11-12 Have you ever wondered just how Religious experience first became apparent to humans on the Earth Where did concepts of Gods and magick and the rules for a society first develop and under what circumstances could all of this have possibly become inspired With *The Secret of the Witches Episode One The Gods* the first in a series of three works Raji introduces God and Goddess who have been caring for the universe for billions of years after it s creation by ALL the all encompassing creation force of the Universe The Gods have carefully watched the development of life and have imbued it with the Spirit of Life and have chosen one particular species on one tiny planet to become infused with Self awareness and Intelligence They have decided to make their presence known to these people by actually manifesting themselves within the Mortal realm of existence and instilling spiritual values into their crude societies by directly forming a relationship with them and teaching them the ways of Witchcraft The reader is introduced to the story of the first two Witches Oola and Bron as they meet the two materially manifested Deities They learn their craft and learn how to commune with the Gods when the Deities later decide to return to the Spiritual realm of existence The first Witches in the company of God and Goddess travel to a secluded place in order to learn these new ways and begin the spread of knowledge of the Gods to the rest of the people of the World They encounter tribal people and begin to introduce primitive concepts of cooperation to them As the pace of the story proceeds and many situations occur and there are many lessons that are learned not only by the Witches but also by the Deities who have grown to love them as their children
