Jinn is summoned and becomes Imani's lover and protector. However, they must return to the pyramid to replace a box that was taken earlier and subsequently find that certain high-ranking officials had been turning a blind eye to the many children that were being abducted and fed to the minotaurs that lived in the ruins of an underground city. Imani and a team of special services operatives go in and all hell breaks loose. Short Excerpt: Imani was in front of Pierre and her two girlfriends were running behind shivering and in tears; they were absolutely terrified. Suddenly they heard another blood-curdling scream and one of the men at the rear was yelling for help. The other men that were near him started running and shouting RUN RUN. There's something down here; it just ripped his arms and head off and dragged his body away. The girls were all screaming and running as fast as they could. But the people in front were blocking their way. Strictly 18 Adults Only 37 100 Words

Paranormal researcher Tesla Dane has never known her father. She doesn't even know who he is. The only connection she's ever had to him is a huge gold gilt mirror he once owned where shadows seem to move deep within its silvery surface in the dark of night. So she's more than a little surprised when one night a sinfully handsome man emerges from those very shadows: a man who has the power to turn Tesla's world upside down. Inventor Alexander Hartfield had been working for Tesla's father in a parallel universe since the early 1900s. But now The Inventor, as her father is affectionately known, has gone missing. Alex hopes that by bringing the beautiful Tesla to Avalon, she can coax her father out of hiding, especially since the man has never met the daughter who bears his name. He also hopes that he can keep his hands off of Tesla. Because she's the boss daughter.

And Alex isn't quite who he claims to be This novel the fifth in the Ghosts Inc series is approximately 83 000 words in length and is written in the modern adult romance style and is paranormal in nature It may not be appropriate for younger audiences It does not contain vampires werewolves or other such creatures and instead focuses on more traditional paranormal phenomenon

Constructing Adolescence in Fantastic Realism Alison Waller,2010-12-22 Constructing Adolescence in Fantastic Realism examines those fundamental themes which inform our understanding of the teenager themes that emerge in both literary and cultural contexts Models of adolescence do not arise solely from discourses of psychology sociology and

education Rather these models frameworks including developmentalism identity formation social agency and subjectivity in cultural space can also be found represented symbolically in fantastic tropes such as metamorphosis time slip hauntings doppelgangers invisibility magic gifts and witchcraft These are the incredible supernatural and magical elements that invade the everyday and diurnal world of fantastic realism In this original study Alison Waller proposes a new critical term to categorize a popular and established genre in literature for teenagers young adult fantastic realism Though fantastic realism plays a crucial part in the short history of young adult literature up until now this genre has typically been overlooked or subsumed into the wider class of fantasy Touching on well known authors including Robert Cormier Melvin Burgess Gillian Cross Margaret Mahy K M Peyton and Robert Westall as well as previously unexamined writers Waller explores the themes and ideological perspectives embedded in fantastic realist novels in order to ask whether parallel realities and fantastic identities produce forms of adolescence that are dynamic and subversive One of the first studies to deal with late twentieth century fantastic literature for young adults this book makes a valuable contribution to our understanding of adult attitudes toward adolescent identity
