## **The Secrets Of Angels:**

**Secrets of Angels on Earth** Allan J. Sweeney, 2021-07-31 Secrets of Angels on Earth is the first book to describe an earth angel's journey from past lives reincarnation and pregnancy through child and adulthood to life after death. It answers questions on what is love, what is a soul mate, how to meditate, how to succeed with true love, and how to be happy. A new definition of love can inspire belief and faith for seekers, mystic teachers, and physicians alike. Highlights include how love improves anger management and relieves depression, anxiety, sadness, fear, and emotions. Learn how love creates vitality and health in your mind, body, and spirit. **The Secrets of Angel Healing** Sabi Hilmi, 2011-01-06 Shows you how to channel your angels and gain strength and guidance from them. **The Book of Angels** Kaya and Christiane Muller, 2015-09-01 When your spirit seeks the meaning of its existence, its loves, and its work. When you see behind the images and you hear beyond the words. When you feel vulnerable and your feelings are beyond your power to control. When your body hurts and you don't know why. When you ask yourself, Why live if I have to die? When faced with the social inequalities and misery of this world, you wonder if God really exists. You are ready for initiation. You are ready to receive the Knowledge Through The Traditional Study of Angels, rediscover and develop the Angelic States of Consciousness that represent the essence of the Divine qualities and virtues. By reactivating these powerful Angelic Energies in your thoughts, feelings, and actions, you will awaken a new way of understanding dreams, signs, and synchronicity. Reading the real-life experiences told in this book, discover that the greatest teaching is that which is received through personal experience. Become aware that every event, meeting, and word contributes to our evolution. In simple language, Kaya and Christiane Muller share with us the wealth of this teaching and its application to daily life. They share their own experience and that of individuals who practice this ancient path of Knowledge. To meditate with the Angels is to experience spiritual autonomy. **The Secrets of Spirituality & Occult** Helena Blavatsky, 2023-11-08 In The Secrets of Spirituality Occult, Helena Blavatsky delves into the profound mysteries of spiritual knowledge and mystical practices that have been obscured from conventional understanding. Written in her distinctive evocative prose, Blavatsky's work intricately intertwines esoteric philosophy, comparative religion, and the metaphysical traditions of both Eastern and Western spirituality. This book not only elucidates the principles of the occult but also invites readers into a deeper contemplation of existence, advocating for the harmony between science and spirituality in an era often dominated by rationalism. Helena Blavatsky, a pivotal figure in the 19th-century occult revival, founded the Theosophical Society with the aim of promoting universal brotherhood and understanding of divine wisdom. Her travels across India and her profound study of ancient scripts significantly shaped her worldview, informing her writings. Blavatsky's exploration of universal laws and hidden truths offered readers an alternative perspective on spirituality amidst the encroachment of materialism and dogma. This book is highly recommended for those seeking a deeper understanding of spiritual truths and the unseen dimensions of reality. Blavatsky's groundbreaking insights remain relevant today, appealing to
