Inferno she shows that gluttony was in medieval times a deeply spiritual matter but today we have transformed gluttony from a sin into an illness it is the horrors of cholesterol and the perils of red meat that we demonize Indeed the modern take on gluttony is that we overeat out of compulsion self destructiveness or to avoid intimacy and social contact But gluttony Prose reminds us is also an affirmation of pleasure and of passion She ends the book with a discussion of M F K Fisher s idiosyncratic defense of one of the great heroes of gluttony Diamond Jim Brady whose stomach was six times normal size The broad shiny face of the glutton Prose writes has been and continues to be the mirror in which we see ourselves our hopes and fears our darkest dreams and deepest desires Never have we delved more deeply into this mirror than in this insightful and stimulating book
