The Spectacle Of The Void:

The Spectacle of the Void David Peak, 2014-12 Published by Schism Press The world has been swallowed by strangeness A new reality a horror reality has taken hold David Peak's *The Spectacle of the Void* examines the boundaries of the irreal and the beyond exploring horror's singular ability to communicate the unknown through language and image It is also a speculative work that gazes unflinchingly at the inevitable extinction of mankind questioning whether or not the burden of our knowing we will someday cease to exist is a burden after all or rather the very notion that will set us free

The Spectacle of Expertise Alex Preda, 2023-02-16 Financial experts have become ubiquitous on television radio and social media They provide investment advice interpret market movements and explain the implications of political events wielding a great deal of power and influence through their media presence How do these experts acquire their authority and what makes displays of financial expertise persuasive to their audiences Alex Preda provides an ethnographic exploration of how financial expertise is performed and produced in the media analyzing its features and how audiences react to it He examines how analysts anchors and producers collaborate in manufacturing financial talk that circulates around the world Preda emphasizes the significance of talk as opposed to the written word in finance as the fabric of many transactions and a means of capturing capital Analysts and media figures understand financial talk as requiring a skill set distinct from conducting research or representing facts Preda demonstrates that analysts and media professionals deploy expertise when they engage with audiences in ways that make it difficult to contest the claims conveyed in their talk *The Spectacle of Expertise* is based on close observations of TV and radio studios in Hong Kong a global financial center and a crucial gateway to China including interviews with audience members and financial analysts who appear as regular guests It offers new and global perspectives on the relationship between financial expertise and the media the making of public expert talk and how expertise is used to legitimize financialization

New Heaven, New Earth Jan H. Blits, 2009-06-16 Patterned after his previous books on Shakespeare's plays Jan H Blits's *New Heaven New Earth* is a scene by scene line by line philosophical study of Antony and Cleopatra Combining close attention to detail with interpretive breadth Blits approaches Shakespeare as a first rank thinker who master of his own thought and writing produced plays and poetry with an infinitely conscious art like any commonly recognized philosophical poet Treating the play as a fully coherent whole Blits shows that Antony and Cleopatra as much a history play as a love story depicts the transition from the pagan to the Christian world _from the aftermath of the collapse of the Roman Republic and the decline of the pagan gods to the emergence of the Roman Empire and the conditions giving rise to Christianity Instead of being organized thematically *New Heaven New Earth* follows the play from beginning to end closely examining Shakespeare's text on its own terms and not on the terms of modern literary theory Using this approach Blits draws significant and insightful conclusions that will satisfy the interests of scholars of politics literature and history alike

Poetics of Change Julio Ortega, 2013-08-26 Too often literary criticism is academic exercise rather than creative act For the multifaceted Julio Ortega respected poet dramatist and novelist in his own right the act of criticism becomes profoundly creative his incisive readings of the text far transcending the pedantry that may falsely pass for imagination intelligence and rigor Nearly every Spanish American writer of consequence from Paz to Fuentes Cort zar to Lezama Lima has extolled Ortega s criticism as not merely a reflection but an essential part of the renaissance that took place in Spanish American letters during the late twentieth century Poetics of Change brings together Ortega s most penetrating and insightful analyses of the fiction of Borges Fuentes Garc a M rquez Carpentier Rulfo Cabrera Infante and others responsible for great writing from Spanish America Ortega concerns himself most with the semantic innovations of these masters of the modern narrative and their play with form language and the traditional boundaries of genre Mapping their creative territory he finds that the poetics of Spanish American writing is that of a dynamically changing genre that has set exploration at its very heart

media and televisual theater central to modern politics *Rhetorics of Insecurity* Zeynep Gambetti, Marcial Godoy-Anativia, 2013-08-23 In *Rhetorics of Insecurity* Zeynep Gambetti and Marcial Godoy Anativia bring together a select group of scholars to investigate the societal ramifications of the present day concern with security in diverse contexts and geographies The essays claim that discourses and practices of security actually breed insecurity rather than merely being responses to the latter By relating the binary of security insecurity to the binary of neoliberalism neoconservatism the contributors to this volume reveal the tensions inherent in the proliferation of individualism and the concurrent deployment of techniques of societal regulation around the globe Chapters explore the phenomena of indistinction reversal of terms ambiguity and confusion in security discourses Scholars of diverse backgrounds interpret the paradoxical simultaneity of the suspension and enforcement of the law through a variety of theoretical and ethnographic approaches and they explore the formation and transformation of forms of belonging and exclusion Ultimately the volume as a whole aims to understand one crucial question whether securitized neoliberalism effectively spells the end of political liberalism as we know it today Zeynep Gambetti is Associate Professor of Political Theory at Bogazici University Istanbul Marcial Godoy Anativia is Associate Director of the Hemispheric Institute of Performance and Politics at New York University where he serves as coeditor of its online journal *e misf rica*
