Joseph Smith John G. Turner, 2025-06-17 From an award winning biographer a riveting and deeply researched portrait of Mormonism s charismatic founder Joseph Smith Jr 1805 1844 was one of the most successful and controversial religious leaders of nineteenth century America publishing the Book of Mormon and starting what would become the Church of Jesus Christ of Latter day Saints He built temples founded a city state in Illinois ran for president and married more than thirty women This self made prophet thrilled his followers with his grand vision of peace and unity but his increasingly grandiose plans tested and sometimes shattered their faith In this vivid biography John G Turner presents Smith as a consummate religious entrepreneur and innovator a man both flawed and compelling He sold books land and merchandise And he relentlessly advanced doctrines that tapped into anxieties about the nature and meaning of salvation the validity of miracles

the timing of Christ's second coming and the persistence of human relationships for eternity. His teachings prompted people to gather into communities evoking fierce opposition from those who saw those communities as theocratic threats to republicanism. With insights from newly accessible diaries, church records, and transcripts of sermons, Turner illuminates Smith's stunning trajectory from his beginnings as an uneducated impoverished farmhand to his ultimate fall at the hands of a murderous mob, revealing how he forged a religious tradition that has resonated with millions of people in the United States and beyond. *American Book Publishing Record*, 1992. *Arts & Humanities Citation Index*, 1975. A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals and indexes individually selected relevant items from over 6,800 major science and social science journals.
