The Staff Ride:

The Staff Ride Peter G. Knight, William G. Robertson, 2021 The staff ride William G. Robertson, 1987 **The Staff Ride** Peter G. Knight, William Glenn Robertson, 2020 Staff rides are a unique and powerful way for today's leaders to gain insight and wisdom from the past for present day application In the process of absorbing those gains staff ride participants exercise and improve their critical thinking skills essential creativity and decision making capabilities Properly conducted staff rides re animate historical battles at the actual locations where each contest took place Every staff ride experience provides examples of leadership tactics operations strategy communications use of the physical terrain and perhaps most importantly the psychology of people in combat and other crises The examination of these factors and choices as well as their outcome is just as applicable today as it was in the past This reference guide combined with personal research and reconnaissance offers an invaluable opportunity for the professional development of leaders by enhancing their understanding of the effective use of military force in multidomain operations **The Staff Ride** William Glenn Robertson, 1987 *The Staff Ride* William Glenn Robertson, 2014-12-11 Discusses how to plan a staff ride of a battlefield such as a Civil War battlefield as part of military training This brochure demonstrates how a staff ride can be made available to military leaders throughout the Army not just those in the formal education system **Staff Ride Handbook for the Overland Campaign, Virginia, 4 May to 15 June 1864: A Study in Operational-Level Command** , The Staff Ride Peter G. Knight, William Glenn Robertson, 2020 Staff rides are a unique and powerful way for today's leaders to gain insight and wisdom from the past for present day application In the process of absorbing those gains staff ride participants exercise and improve their critical thinking skills essential creativity and decision making capabilities Properly conducted staff rides re animate historical battles at the actual locations where each contest took place Every staff ride experience provides examples of leadership tactics operations strategy communications use of the physical terrain and perhaps most importantly the psychology of people in combat and other crises The examination of these factors and choices as well as their outcome is just as applicable today as it was in the past This reference guide combined with personal research and reconnaissance offers an invaluable opportunity for the professional development of leaders by enhancing their understanding of the effective use of military force in multidomain operations **Staff Ride Handbook for the Attack on Pearl Harbor, 7 December 1941** Jeffrey J. Gudmens, 2005 **Staff Ride Handbook for the Battle of Perryville, 8 October 1862** , 2005 The US Army has used Civil War and other battlefields as outdoor classrooms to educate and train its officers Since 1983 the Combat Studies Institute has produced a series of staff ride guides to assist units and classes in this training The Confederate counteroffensive defeated Union hopes to end the war in 1862 However by mid October hard on the heels of the broad Confederate advance the Union forces had regained the strategic and operational advantage Union victories at Antietam in the east and Perryville in the west carried significant weight in determining the final outcome of the conflict While vast

literature surrounds the former battle Perryville has been somewhat neglected This work seeks to alleviate that lacuna This Staff Ride Handbook for the Battle of Perryville 8 October 1862 is a valuable study that examines the key considerations in planning and executing the September October campaign and battle Modern tacticians and operational planners will find themes that still resonate Cameron demonstrates that Civil War leaders met their challenging responsibilities with planning discipline ingenuity leadership and persistence themes that are well worth continued reflection by today s officers

Staff Ride Handbook for the Battle of Shiloh, 6-7 April 1862 Jeffrey J. Gudmens,2005 **Staff Ride Handbook For The Battle Of Perryville, 8 October 1862 [Illustrated Edition]** Dr. Robert S. Cameron,2014-08-15 Illustrated with 9 figures and 11 maps of the campaign and engagements at Perryville The battle of Perryville symbolized the high water mark of the Confederacy in the western theater of operations In Aug 1862 General Braxton Bragg and Major General MG Edmund Kirby Smith led separate armies into Kentucky to wrest the state from the Union and install a Confederate governor They initially met success and captured the state capital simultaneously shifting the war in the west from northern Mississippi and Alabama to Kentucky In response the North raised additional forces to protect Cincinnati and Louisville while MG Don Carlos Buell halted his offensive against Chattanooga and marched his Army of the Ohio back to Kentucky On 8 Oct 1862 Buell s army clashed with Bragg s at Perryville The Confederates achieved a tactical success in a hard fought engagement that generated more than 7 000 casualties Of the regiments engaged 10 suffered losses between 40 and 60 percent However outnumbered by three to one Bragg s army could not sustain its victory and withdrew Within days of the battle all of the invading Southern forces retired from the state Kentucky remained firmly in the Union and secure from Confederate invasion for the war s duration Despite its importance to the course of the war in the west Perryville does not benefit from the high visibility accorded the better known Civil War sites such as Manassas Gettysburg Antietam and Chickamauga Although more than 70 000 Union and Confederate soldiers deployed in and around Perryville understanding of the battle and its significance to the overall course of the war remains poor For staff ride purposes this unfamiliarity can be a benefit It forces the participants to study and think about the situation facing their Civil War counterparts without the preconceived notions that surround the more popular sites

Gettysburg Staff Ride ,1993 *Staff Ride Guide - The Battle Of First Bull Run [Illustrated Edition]* Ted Ballard,2014-08-15 Illustrated with 12 maps and 15 Illustrations On 16 July 1861 the largest army ever assembled on the North American continent up to that time marched from the vicinity of Washington D C toward Manassas Junction thirty miles to the southwest Commanded by newly promoted Brig Gen Irvin McDowell the Union force consisted of partly trained militia with ninety day enlistments almost untrained volunteers and three newly organized battalions of Regulars Many soldiers unaccustomed to military discipline or road marches left the ranks to obtain water gather blackberries or simply to rest as the march progressed Near Manassas along a meandering stream known as Bull Run waited the similarly untrained Confederate army commanded by Brig Gen Pierre G T Beauregard This army would soon be

joined by another Confederate force commanded by General Joseph E Johnston After a minor clash of arms on 18 July McDowell launched the first major land battle of the Civil War by attempting to turn the Confederate left flank on 21 July A series of uncoordinated and sometimes confusing attacks and counterattacks by both sides finally ended in a defeat for the Union Army and its withdrawal to Washington The Battle of First Bull Run highlighted many of the problems and deficiencies that were typical of the first year of the war Units were committed piecemeal attacks were frontal infantry failed to protect exposed artillery tactical intelligence was nil and neither commander was able to employ his whole force effectively McDowell with 35 000 men was only able to commit about 18 000 and the combined Confederate forces with about 32 000 men committed only 18 000 **Antietam Staff Ride** ,2003 *Fredericksburg Staff Ride: Briefing Book [Illustrated Edition]* Ted Ballard,Billy Arthur,2014-08-15 Contains more than 20 maps diagrams and illustrations The movement and details of the Union offensive plan at Fredericksburg seemed to be understood by all senior commanders the North had a preponderance of manpower and artillery a bridgehead was established on the enemy side of the river and initial objectives secured Why did Burnside decide to withdraw his army back across the river to its original position That question cannot be answered without viewing the pontoon crossing sites the Union approach routes the infamous stonewall and the other Confederate defensive positions Accordingly the purpose of a Fredericksburg staff ride is to visit these and other locations on the battlefield and analyze the battle through the eyes of the men who were there both leaders and rank and file soldiers
