## **The Stranger And The Chinese Moral Imagination:**

**The Stranger and the Chinese Moral Imagination** Haiyan Lee, 2014-11-12 In the last two decades China has become a dramatically more urban society and hundreds of millions of people have changed residence in the process. Family and communal bonds have been broken in a country once known as a society of kith and kin. There has been a pervasive sense of moral crisis in contemporary China and the new market economy doesn't seem to offer any solutions. This book investigates how the Chinese have coped with the condition of modernity in which strangers are routinely thrust together. Haiyan Lee dismisses the easy answers claiming that this moral crisis is merely smoke and mirrors conjured up by paternalistic overwrought leaders and scholars or that it can be simply chalked up to the topsy-turvy of a market economy on steroids. Rather, Lee argues that the perception of crisis is itself symptomatic of a deeper problem that has roots in both the Confucian tradition of kinship and the modern state management of stranger sociality. This ambitious work is the first to investigate the figure of the stranger: foreigner, peasant, migrant, bourgeois, intellectual, class enemy, unattached woman, animal, across literature, film, television, and museum culture. Lee's aim is to show that hope lies with a robust civil society in which literature and the arts play a key role in sharpening the moral faculties and apprenticing readers in the art of living with strangers. In so doing, she makes a historical, comparative, and theoretically informed contribution to the ongoing conversation on China's civil society.

*No Strangers Here* Judy Chin Chan, 2017-10-13 Churches are traditionally among the first to respond to the call to aid strangers in distress. In this age of globalization, one group of strangers in particular, asylum seekers and refugees, is in urgent need of welcome as they flee their homelands in search of safety. This same group, however, faces hostility and rejection in many places. What should be the church's response? This book argues that Christian hospitality offers a powerful theological and pastoral response to such vulnerable strangers in our midst. For that to happen, the church must answer two questions: What is Christian hospitality, and how do we put it into practice with refugees and asylum seekers? Part One answers the first question with a cross-disciplinary study of sacred hospitality in both ancient and modern times. Part Two tackles the second with a fascinating case study of the church's outreach to refugees and asylum seekers in an international Chinese city. As communities worldwide receive refugees and asylum seekers, this book offers Christian hospitality and the Hong Kong experience as one hopeful response to needy strangers at our doorstep. It is a welcome theological and practical resource for refugee ministry in the twenty-first century.

A Novel Approach to China Gengsong Gao,2022-01-03 This book explores Chinese novelists distinctive contributions to the China debate in terms of the key issues of Chinese language power dynamics and Confucian tradition As China is rising Chinese scholars and policymakers are debating heatedly over China s past present and future Who are the major debaters How do they analyze China s problems and figure out solutions What are the main achievements and weaknesses of the Chinese intellectual debate and discourse Chinese novelists also get involved in the China debate However their voices are rarely heard This book argues that by dramatizing the diversities of ordinary social actors everyday languages active discursive practices and enchanted local traditions Chinese novelists do not merely illustrate the dominant liberal the New Left and the New Confucian ideologies but enrich the China debate and provide a novel approach to our understanding of modern China

**Confucian Governmentality and Socialist Autocracy in Contemporary China** Chih-yu Shih,2025-05-20 In October 2022 the 20th Party Congress of the Chinese Communist Party CCP concluded extending Xi Jinping s leadership indefinitely

which many view as a one party dictatorship Exploring Confucian and socialist principles this book examines the relationship between the citizens and leaders in the Chinese autocracy By applying a Foucauldian twist to a range of topics from discussing the politics of love and pandemic nationalism to analysing Xi s personality it challenges the binary of authoritarianism and democracy Interdisciplinary in nature it will appeal to scholars and students working in the fields of politics international relations culture studies and critical theory *Social Disciplining and Civilising Processes in China* Thomas Heberer,2023-08-11 This book argues that a major part of the Chinese government s road map formulated in 2017 to modernise China comprehensively by 2049 is the process of social disciplining It contends that the Chinese state sees that modernisation and modernity encompass not only economic and political administrative change but are also related to the organisation of society in general and the disciplining of this society and its individuals to create people with modernised minds and behaviour and that moreover the Chinese state is aspiring to a modernity with Chinese characteristics The question of modernising by disciplining was extensively dealt with in the twentieth century by leading Western social scientists including Max Weber Norbert Elias and Michel Foucault who argued that disciplining extending from external coercion towards the internalisation of restraints is indispensable for achieving social order and thereby for civilisation but defined from a European perspective in relation to developments in Europe This book therefore not only discusses the Chinese experience of social disciplining but also by looking at a non Western society identifies universal tendencies of societal change and social disciplining and separates them from particular occurrences *Gender and Friendship in Chinese Literature* ,2024-09-23 Canvassing a range of materials that include early tales of exemplarity medieval song lyrics Ming Qing poetry and plucked rhymes twentieth century writings about revolutionaries opera stars missionaries and contemporary fiction this volume illustrates the discourse and representation of friendship in which women gain agency and participate in broader arguments about ethics politics and religious transcendence Friendship prompts reflections on gender roles becomes the venue of literary self consciousness and heightens the sense of literary community Gender and community function in new ways through the public dimension of friendship and most importantly the intersections of gender and friendship enable us to rethink other relationships **Poverty in Modern Chinese Realism** Keru Cai,2025-04-28 Poverty in Modern Chinese Realism shows that early twentieth century Chinese writers drew upon Russian texts about the socially downtrodden to describe poverty in a bid to enrich Chinese culture by creating a syncretic new realism Modern Chinese realist writers turned to the topic of material poverty peasants suffering from famine exploited urban laborers homeless orphans to convey their sense of textual poverty and national backwardness The combination of a radically new subject matter and experimentation with diverse literary resources indigenous and foreign generated major innovations in narrative technique Depicting poverty allowed writers to revolutionize the nascent forms of modern Chinese narrative innovating strategies of representing the nation the social other time and space while problematizing their deployment of squalor for

aesthetic purposes This book examines why Russian literature itself long preoccupied with a problem of belatedness vis vis Western Europe occupied a privileged place for Chinese intellectuals of this era Comparing Chinese fiction about poverty to Russian intertexts by Gogol Andreev Chekhov Turgenev and others the book shows how Chinese writers drew and innovated upon themes such as madness or human animality and formal elements such as metonymy Keru Cai s multi scalar approach emphasizing close textual analysis situates modern Chinese realism in the trans Eurasian axis of world literature The Cosmopolitan Dream Derek Hird,Geng Song,2018-09-06 The Cosmopolitan Dream presents the broad patterns in the transformations of mainland Chinese masculinity over recent years covering both representations in film fiction and on television and the lived experiences of Chinese men on four continents Exposure to transnational influences has made Chinese notions of masculinity more cosmopolitan than ever before yet the configurations of these hybrid masculinities retain the imprint of Chinese historical models With the increasing interconnectivity of markets around the world the hegemonic mode of manhood is now a highly mobile transnational business form of masculinity However the fusion of this kind of cosmopolitanism with Chinese characteristics has not diminished the conventional class and gender privileges for educated men On the other hand the traditionally prized intellectual masculinity in Chinese culture which did not hold commerce in high regard has reconciled with today s business values Together these factors shape the outlook of the contemporary generation of Chinese elites At the same time globalization has increased the cross country mobility of blue collar Chinese men who may possess a masculine ideal that is different from their white collar counterparts Therefore it is important to examine various types of masculinity with the recent reform era mainland Chinese migration The migrant man whether he is a worker student pop idol or writer all cases studied in this volume could face challenges to his masculinity based on his race class intimate partners or fatherhood The strategies adopted by the Chinese men to reinvent their masculine identities in these stories offer much insight into the complex connections between masculinity and the rapid socioeconomic developments of postsocialist China The Cosmopolitan Dream provides a rich and multidisciplinary window into how Chinese masculinities are both shaping and being shaped by a new era of globalization one in which circulations of Chinese capital images and people play an ever more important role This is an insightful and engaging work that makes important contributions to the study of media gender migration and globalization more broadly John Osburg University of Rochester A pioneering contribution toward understanding transnational Chinese masculinities Covering both imagined representations and the actual experience of migrating Chinese men this volume is definitely greater than the sum of its parts in conveying the contents and significance of cosmopolitanism to Chinese masculinities Harriet Zurndorfer Leiden University
