The Taker And Other Stories:

The Taker, and Other Stories Rubem Fonseca, 2008 The first collection of Fonseca's short stories to appear in English ranging across his oeuvre exploring the sights and sounds of Rio de Janeiro Fonseca's Rio is a city at war where vast disparities in wealth social standing and prestige are untenable Rich and poor live in an uneasy equilibrium where only overwhelming force can maintain order and violence and deception are the essential tools of survival From the tale of the businessman who rans over pedestrians to let off steam to a serial killer being pushed to kill more by his lover this collection is a true gem

The Wall Jean-Paul Sartre, 2010-07-27 One of Sartre's greatest existentialist works of fiction The Wall contains the only five short stories he ever wrote Set during the Spanish Civil War the title story crystallizes the famous philosopher's existentialism The Wall the lead story in this collection introduces three political prisoners on the night prior to their execution Through the gaze of an impartial doctor seemingly there for the men's solace their mental descent is charted in exquisite often harrowing detail And as the morning draws inexorably closer the men cross the psychological wall between life and death long before the first shot rings out This brilliant snapshot of life in anguish is the perfect introduction to a collection of stories where the neurosis of the modern world is mirrored in the lives of the people that inhabit it This is an unexpurgated edition translated from the French by Lloyd Alexander

The Teacup Ministry and Other Stories Rhoda H. Halperin, 2010-07-05 In the global world of the twenty first century class boundaries are subtle and permeable though real nonetheless Markers of identity authenticity and belonging can change with a gesture or a glance making people feel they do or don't belong in certain places with certain people at certain times In these powerfully written ethnographic stories Rhoda Halperin maps the boundaries of class by examining three themes crossing class boundaries class creativity and class vulnerability In telling these stories Halperin draws on a wealth of ethnographic experiences in this country and abroad Her book challenges class stereotypes in ways that touch on universals across cultures and over time
