between representation and practice helps explain Huizhou's triumphs. The more active the economy became, the more those central to its commercialization embraced conservative sociocultural norms. Home lineages embraced neo-Confucian orthodoxy even as they provided the financial and logistical support to assure the success of Huizhou merchants. The end result was not capitalism but a gentrified mercantile lineage culture with Chinese or Huizhou characteristics.

Reproducing Women Yi-Li Wu, 2010-08-11 This innovative book uses the lens of cultural history to examine the development of medicine in Qing dynasty China. Focusing on the specialty of medicine for women, fuke, Yi Li Wu explores the material and ideological issues associated with childbearing in the late imperial period. She draws on a rich array of medical writings that circulated in seventeenth to nineteenth century China to analyze the points of convergence and contention that shaped people's views of women's reproductive diseases. These points of contention touched on fundamental issues: How different were women's bodies from men's? What drugs were best for promoting conception and preventing miscarriage? Was childbirth inherently dangerous? And who was best qualified to judge? Wu shows that late imperial medicine approached these questions with a new positive perspective.

Women and Their Warlords Kate Merkel-Hess, 2024-08-19 Explores the complex history and legacy of elite wives, concubines, and daughters of warlords in twentieth century China. In *Women and Their Warlords*, historian Kate Merkel Hess examines the lives and personalities of the female relatives of the military rulers who governed regions of China from 1916 to 1949. Posing for candid photographs and sitting for interviews, these women did not merely advance male rulers' agendas. They advocated for social and political changes, gave voice to feminist ideas, and shaped how the public perceived them. As the first publicly political partners in modern China, the wives and concubines of Republican era warlords changed how people viewed elite women's engagement in politics. Drawing on popular media sources including magazine profiles and gossip column items, Merkel Hess draws unexpected connections between militarism, domestic life, and state power in this insightful new account of gender and authority in twentieth century China.

Burying Autumn Hu Ying, 2020-05-11 Autumn wind autumn rain fill my heart with sorrow these were the last words of Qiu Jin 1875 1907 written before she was beheaded for plotting to overthrow the Qing empire Eventually she would be celebrated as a Republican martyr and China's first feminist her last words committed to memory by schoolchildren Yet during her lifetime she was often seen as eccentric even deviant in her death and still more in the forced abandonment of her remains the authorities had wanted her to disappear into historical oblivion *Burying Autumn* tells the story of the enduring friendship between Qiu Jin and her sworn sisters Wu Zhiying and Xu Zihua who braved political persecution to give her a proper burial Formed amidst social upheaval their bond found its most poignant expression in Wu and Xu's mourning for Qiu The archives of this friendship letters poems biographical sketches steles and hand copied sutra vividly display how these women understood the concrete experiences of modernity how they articulated those experiences through traditional art forms and how their artworks transformed the cultural traditions they invoked even while maintaining deep cultural roots In enabling Qiu Jin to acquire historical significance their friendship fulfilled its ultimate socially transformative potential

What Remains Tobie Meyer-Fong, 2013-03-27 The Taiping Rebellion was one of the costliest civil wars in human history Many millions of people lost their lives Yet while the Rebellion has been intensely studied by scholars in China and elsewhere we still know little of how individuals coped with these cataclysmic events Drawing upon a rich array of primary sources *What Remains* explores the issues that preoccupied Chinese and Western survivors Individuals families and communities grappled with fundamental questions of loyalty and loss as they struggled to rebuild shattered cities bury the dead and make sense of the horrors that they had witnessed Driven by compelling accounts of raw emotion and deep injury *What Remains* opens a window to a world described by survivors themselves This book transforms our understanding of China's 19th century and recontextualizes suffering and loss in China during the 20th century

Lost Bodies: Prostitution and Masculinity in Chinese Fiction Paola Zamperini, 2010-06-28 This important contribution to the study of early modern Chinese fiction and representation of gender relations focuses on literary representations of the prostitute

produced in the Ming and Qing periods Following her heavily symbolic body the present work maps this fictional heroine's journey from innocence to sex work and beyond This crucial angle allows the author to paint a picture of gender identity sexuality and desire that is at once unitary and multi layered and that comes to illuminate some of the major themes in the construction of Chinese modernity
