Beckett, 2016-06-30 What exactly is military history Forty years ago it meant battles campaigns great commanders drums and trumpets It was largely the preserve of military professionals and was used to support national history and nationalism Now though the study of war has been transformed by the war and society approach by the examination of identity memory and gender and a less Euro centric and more global perspective Generally it is recognised that war and conflict must be integrated into the wider narrative of historical development and this is why Ian Beckett's research guide is such a useful tool for anyone working in this growing field It introduces students to all the key debates issues and resources While European and global perspectives are not neglected there is an emphasis on the British experience of war since 1500 This survey of British military history will be essential reading and reference for anyone who has a professional or amateur interest in the subject and it will be a valuable introduction for newcomers to it *Catalogue of the Public Documents of the ... gone to sea the previous Friday leaving the boys and their mother at home for the summer Over the next ten days Robert and Nattie spent extravagantly pawning family valuables to fund trips to the theatre and the seaside During this time nobody saw or heard from their mother though the boys told neighbours she was visiting relatives As the sun beat down on the Coombes house an awful smell began to emanate from the building When the police were finally called to investigate what they found in one of the bedrooms sent the press into a frenzy of horror and alarm and Robert and Nattie were swept up in a criminal trial that echoed the outrageous plots of the penny dreadful novels that Robert loved to read In *The Wicked Boy* Kate Summerscale has uncovered a fascinating true story of murder and morality it is not just a meticulous examination of a shocking Victorian case but also a compelling account of its aftermath and of man's capacity to overcome the past
