

Yet my heart aches again
yearning to follow the high seacrowns
and rombs of the salt sea waves
but drives my spirit forth
to seek out foreign lands

Yet there is no man on earth so proud
nor so generous in giving
nor so fresh in youth
nor so bold in action
nor so loyal to his master
that never fears in sailing
what the Lord could bring upon him

Nor for him the plucked harp
nor exchange of rings
nor the pleasure of women
nor worldly glory
nothing but the rolling waves
and the urge to move amid the waves

Groves blossom and cities grow fair
fields give and the world renews
all these things in a mind never
impel the heart to venture
to tread far on the waterways

Adaptation and Beyond Eva C. Karpinski, Ewa Kęłowska-Ławniczak, 2023-09-29 This interdisciplinary collection focuses on recent adaptations both experimental and popular that put hybridity transtextuality and transmediality at play It reframes adaptation in terms of the transmedia concept of world building which accurately captures the complexity and multidirectionality of contemporary scattered and ubiquitous practices of adaptation The editors argue that the process of moving stories or their elements across different media platforms and repurposing them for new uses results in the production of hybrid transtextualities The book demonstrates how hybrid textualities augment narrative and literary forms as goals of their world building finding unexpected sites of cross pollination expansion and appropriation in spoken word and dance performance auto biographical comics advertising Chinese Kun opera and popular song lyrics This yoking of hybridity and transmediality yields not only diversified and often commercialized aesthetic forms but also enables the emergence a unique cultural space in between a mezzaterra capable of addressing current political issues and mobilizing broader audiences

Water in Medieval Literature Albrecht Classen, 2017-08-15 Ecocritical thinking has sensitized us more than ever before to the tremendous importance of water for human life as it is richly reflected in the world of literature The great relevance of water also in the Middle Ages might come as a surprise for many readers but the evidence assembled here confirms that also medieval poets were keenly aware of the importance of water to sustain all life to provide understanding of life s secrets to mirror love and to connect the individual with God In eleven chapters major medieval European authors and their works are discussed here taking us from the world of Old Norse to Irish and Latin literature to German French English and Italian romances and other narratives

The Seafarer, 2014 The Seafarer is an Old English poem that tells the story of life s apparent futility through the words of a lone mariner There have been many interpretations of the poem since the mid 19th century but Amy Riach s strong and expressive new translation seems to empower the voice of the Seafarer Her careful and informed attention to the original Anglo Saxon combined with an intense poetic sensibility offers us an abiding song which speaks to us through the long tunnel of time This edition is based on a celebrated and extremely well received limited edition and large format book The success of this edition has spurred Sylph Editions to create a book more accessible to the public This new translation by Amy Riach is based on her deep understanding of both the Germanic and the Latin origins of English that governs her inspired and timely translation In this edition all of Jila Peacock s masterful monoprints are reproduced alongside the poem Together they create a beautiful publication that like her previous *Ten Poems from Hafez* an award winning publication by Sylph Editions 2006 celebrates the happy marriage of text and image
