Secret Science Behind Miracles Max Freedom Long, **The Secret Science Behind Miracles** Max Freedom, 2024-05-21 This edition is unique The translation is completely original and was carried out for the Ale Mar SAS All rights reserved *The Secret Science Behind Miracles* is a book by New Age author Max Freedom Long first published in 1948

Purported to be a book about the religious beliefs and practices of the ancient Hawaiian kahunas Long apparently never spoke to any of the ceremonial people whilst he was working in Hawaii as a teacher After leaving the country convinced that he would never learn these secrets he woke one day with a revelation that the secrets were encoded into the Hawaiian language itself He called the religious system he developed from this revelation Huna the Hawaiian word for secret and wrote his first book in 1936 to chronicle his beliefs However it is worth noting that contemporary scholars consider the system to be his invention designed through a mixture of a variety of spiritual practices from various cultures with roots in New Thought and Theosophy rather than in traditional Hawaiian beliefs The Secret Science Behind Miracles Freedom

Behind Miracles Max Long,2016-10-10 Max Freedom Long was a preeminent western scholar on the Huna the psychological philosophies of the ancient polynesian culture that incorporated miraculous events such as hands on healing fire hot lava walking spirit communication and management and psychic occurrences This text is a compilation of his case studies and field work Chapters include The Practical Use Of The Magic Of The Miracle How The Kahunas Controlled Winds Weather And The Sharks By Magic The High Self And The Healing In Psychic Science The Significance Of Seeing Into The Future In The Psychometric Phenomena And In Dreams The Incredible Force Used In Magic Where It Comes From And Some Of Its Uses and Fire Walking As An Introduction To Magic *Huna, the Secret Science Behind Miracles* Max Freedom

Long,2015-02-10 Huna is a funny thing to study It doesn't act like other Western studies in that you have a beginning middle end Nor it is Eastern where guru's abound and are necessary to find your way Huna seems to be there at every turn much as the old Kahuna's would teach their students When the student is ready the teacher appears Students wouldn't be told what to study or how There were no books study guides quizzes final exams and so on The student as life actually operates must ask in order to receive Unless the student poses the question the teacher remains silent well mostly But it's up to the student to search out questions which need to be asked When Long discovered Huna he then found the base below all these other philosophies and the religions based on them So now you have in your hands a missing link to understanding the universe and all its workings Bottom up or top down From the Introduction Get Your Copy Today *Huna, a Secret Science At Work* -

The Huna Method As a Way of Life Max Freedom Long, 2015-01-09 The word kanuna is an ancient term and is in use today It is pronounced kah hoo nah and meant keeper of the secret The word for their secret lore was never found The role of secrecy had been so strong and so well kept that it may never have been given a name The name we used for this reason was Huna pronounced hoo nah which means secret Enough basic information will be incorporated in this book to give a working picture of the system of beliefs and practices upon which experimental work has been based Interspersed with the instructions will be found explanations of the sources of conclusions of symbols words and word roots familiar to Huna but which we also found in other religions mainly Christianity These will tend to show that the meanings ascribed to Huna are well founded Huna is compatible with other systems It interferes with none of them but makes possible a greater understanding of the old truths From the Introduction Get Your Copy Today
